

Town of Canandaigua
Adopted Budget
for
Fiscal Year 2025

2025 Budget Highlights, Impact & Vision

The 2025 Adopted Budget for the Town of Canandaigua prioritizes fiscal responsibility, operational efficiency, and strategic investments to meet the community's needs while maintaining fully functional government operations. Core operations are fully funded, with enhancements to staffing that include the addition of a Parks Director, a Highway and Water Assistant, and a shared Stormwater Inspector with the Town of Farmington. The budget also restores reductions made during the pandemic to the Highway Department's equipment and highway maintenance funds, ensuring the Town's fleet remains effective and roadways are properly maintained for the safety and convenience of travelers.

Additional infrastructure investments include fire hydrant replacements, smart water meter installations, and scheduled road improvements, all of which enhance public safety and service delivery. The budget also supports capital expenditures such as the acquisition of two excavators, one loader, three medium-duty trucks, and two vehicles for Code Enforcement, along with technology and facility upgrades. To support these essential operations, the property tax rate would necessitate and increase from the \$0.76 per \$100,000 of assessed value in 2024 to \$0.87 in 2025, which represents an approximate increase of \$43 per year for the average home assessed at \$387,429.

Additionally, a significant focus of the budget is also the \$6.2 million North Road Reconstruction Project, which addresses long-standing safety concerns by rebuilding the road, improving drainage, adding curbs and sidewalks, and enhancing accessibility for pedestrians and cyclists. Approximately \$750,000 of the project cost is allocated to sidewalk construction. Funding this critical project further increases the tax rate to **\$1.15 per \$100,000** of assessed value, adding an additional \$106 annual impact for the average household. However, in total, the tax rate adjustments for operations and the North Road project result in a modest **average increase of \$149 per year per household.**

Through careful allocation of resources, the budget ensures that each tax dollar supports high-impact projects and community services while actively pursuing external funding to reduce the financial burden on residents. These initiatives reflect the town's commitment to maintaining a safe, vibrant, and efficiently managed community.
