5. Size of service (3/4" is standard)

6. Distance from home to water main. If it is over 500' a meter pit will be
required. _____

Additional charges may apply if the water main is not on the same side of the road as the

residents to safety cover with sand and install a tracer wire with the line that runs from the
curb stop to the home. Once the line is installed, it must be inspected by the Water
