ZONING BOARD OF APPEALS

AREA VARIANCE APPLICATION

NOTICE TO ALL APPLICANTS:

The ZONING BOARD OF APPEALS reviews submitted applications on a first-come-first-served basis. The number of applications scheduled for review will vary depending upon the number and complexity of the applications received. The goal of the ZBA is to process all applications in a timely and efficient manner.

Applicant must see that all forms are filled out completely and accurately before the application can be processed. All completed applications are subject to the rules and regulations as established by the Town of Canandaigua and the State of NY. This department does not guarantee any board approvals for completed applications.

ZONING BOARD OF APPEALS REQUIRED PAPERWORK FOR APPLICATION SUBMITTAL

Area Variance Application

- _____ Variance Application (Zoning Board of Appeals)
- _____ Description of documents which would support a determination that it is practically difficult for you to conform to the dimensional requirements of the zoning law (Tests for Granting Area Variances).
- _____ Map showing size and location of all existing and proposed structures, including lot width, lot area, setback dimensions and computations of percentage of lot coverage. (See attached Sketch Plan Checklist) Projects over 1,000 square feet will require a professionally prepared site plan.
- _____ Front elevation or view of proposed structure showing the height measured from the average finished grade.
- _____ Property owner signatures on all application forms and checklists

**You must submit the original application and attachments / survey map / site plan.
Contact the Zoning Officer to determine which additional building/sign permit application is
required to be submitted with this application.
Additional copies of the site plan, etc. will be requested after the Planning Review Committee
(PRC) has reviewed your application.**

FEES:

1. The \$100 application fee is required upon submission of the application. This fee is non-refundable. A separate, additional fee will be rendered for the building permit.
2. Building permit fees vary – the fee will be determined by the Town Code Enforcement Officer.
3. The property owner is responsible for reimbursement of any Town Engineer and/or Town Attorney fees incurred during application review.

WHY YOUR VARIANCE MIGHT BE DENIED

You have been told that something which you want to do on your land is prohibited. You have also learned that the ZBA has the power to authorize you to proceed despite the Zoning Law prohibition.

Hopefully, you have also learned from the materials you received from the Planning & Zoning Office that we may only approve your variance if you can show some practical difficulty in your particular situation. We seek, wherever possible, to help resolve your individual conflict with the zoning law in a manner which addresses your needs as well as the needs of the Town as a whole.

Unfortunately, because these needs are sometimes in conflict, we often find such an ideal solution impossible.

In our experience variances are most frequently denied for one of three reasons:

First, practical difficulty was not shown, even though it was shown, there is some means other than a variance available to the applicant to address the problem. These variances are denied because they are not considered to be necessary.

Second, even though practical difficulty was shown, a variance will be denied if the impact of the requested variance upon the neighborhood or surrounding properties would be too great. This board is required to take into account the good of the Town as a whole and not grant an individual relief if the common good would be too severely impacted.

Finally, variances are generally denied if the practical difficulty shown was not unique. We are required to determine whether the difficulty is unique to a given property or to circumstances peculiar to that property. State law prohibits us from approving a variance if an applicant establishes a difficulty which is not unique. The rationale for this limitation is that the granting of variances to address difficulties which are common to a given region or type of use amounts to actually changing the zoning law, one variance at a time. The proper legal procedure in such a case is not a variance, but a request to change the law. This board cannot act on such a request as the Town Board, which enacts all the laws of the town, is the only board which can make such a change. Regrettably, the Zoning Board of Appeals sometimes finds an applicant to have a legitimate concern, but is nonetheless compelled to deny the requested variance because the described difficulty is not sufficiently unique. In that instance the board will advise the Town Board of its finding both to assist the applicant and in the hope that the Town Board will take appropriate action to improve the zoning law itself.

***Property Owner is responsible for any consultant fees
(Town Engineer, Town Attorney, etc.) incurred during the application process.***

Please note that the **Property Owner** is responsible for all consultant fees during the review of this application including legal, engineering, or other outside consultants. Applications submitted to the Town of Canandaigua Planning Board will normally receive chargeback fees of at least five hours to ten hours for planning services including intake, project review, resolution preparation, SEQR, and findings of fact. PLEASE NOTE that the number of hours will be SIGNIFICANTLY INCREASED due to incomplete applications, plans lacking detail, or repeated continuations. Subdivision applications and larger commercial or industrial projects traditionally require more hours of engineering, legal, and other consultant review and preparation and will incur higher costs. Applications for new construction may be referred to the Town Engineer for engineering review which may include at least an additional eight to twelve hours of review time. The **Property Owner** will also be responsible for legal fees for applications submitted to the Town of Canandaigua Planning Board, Zoning Board of Appeals, or the Town of Canandaigua Development Office. Fees for engineering and legal expenses traditionally range between one hundred and one hundred fifty dollars per hour. A copy of the Town's annual fee schedule is available upon request from the Development Office or the Town Clerk's Office. The **Property Owner's** signature below indicates that the **Property Owner** understands that the **Property Owner** will be responsible for all outside consultant fees incurred as a result of the submitted application, and consents to these charges. Additionally projects approved by the Town of Canandaigua Planning Board may be required to pay a parks and recreation fee as established by the Town Board (currently \$ 1,000 per unit) if required as part of the conditions of approval.

TESTS FOR GRANTING AREA VARIANCES

BE VERY SPECIFIC WHEN ANSWERING THESE QUESTIONS

"Area variance" shall mean the authorization by the Zoning Board of Appeals for the use of land in a manner which is not allowed by the dimensional or physical requirements of the applicable zoning regulations.
(Town Law Section 267, subsection 1.(b)).

In deciding whether to grant an area variance, the Zoning Board of Appeals takes into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety, and welfare of the neighborhood or community. (Town Law Section 267-b, subsection 3.(b)).

To enable the Zoning Board of Appeals to grant an area variance, the applicant must present substantial evidence concerning the following topics by providing supporting evidence for each. Attach additional sheets if necessary.

- (1) Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance.

- (2) Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance.

- (3) Whether the requested area variance is substantial.

- (4) Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district.

- (5) Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the ZBA, but shall not necessarily preclude the granting of the area variance.
