WHEREAS, the costs for this contract has been allocated in budget line A.1620.400; and

WHEREAS, the Certificate of Insurance is on file in the Town Clerk's office and has been approved by the Town's insurance agency; and

NOW, THEREFORE, BE IT RESOLVED, that the Town Board does hereby:

1. Authorize the contract with Ehrlich for the period January 1, 2016 to December 31, 2016,
2. Authorize the Town Supervisor to sign the contract,
3. Directs a copy of said signed agreement be kept on file in the Office of the Town Clerk, and
4. Directs the Town Clerk to send a fully executed copy of the contract to Ehrlich.

RESOLUTION NO. 2016-75: CONTRACT FOR TOWN GENERATORS

WHEREAS, the Town of Canandaigua has been using the services of Emergency Power Systems (EPS) for several years to maintain the emergency generators at Town Hall and the booster Pump Station; and

WHEREAS, EPS has submitted a contract to maintain both generators at a total annual rate of $1,300; and

WHEREAS, a copy of the proposed contract is included with this resolution and is identified as Attachment 6 and this information is also is available for review on the Town's website and is on file with the Town Clerk's office; and

WHEREAS, the cost for this contract has been allocated in budget line A.1620.400; and

WHEREAS, the Certificate of Insurance is on file in the Town Clerk's office and has been approved by the Town's insurance agency; and

NOW, THEREFORE, BE IT RESOLVED, that the Town Board does hereby:

1. authorize the contract with EPS for the period February 1, 2016 to January 31, 2017; and
2. authorize the Town Supervisor to sign the contract; and
3. direct a copy of said agreement be kept on file in the Office of the Town Clerk; and
4. directs the Town Clerk to send a fully executed copy of the contract to EPS.

New Resolutions:

RESOLUTION NO. 2016-98: MAINTENANCE RESOLUTION FOR CONCRETE SIDEWALKS LAKESHORE DRIVE & MORAN ROAD SIDEWALK IMPROVEMENT-CITY OF CANANDAIGUA-TOWNS OF CANANDAIGUA & HOPEWELL

WHEREAS, Ontario County is the Sponsor for the Lakeshore Drive and Moran Road Sidewalk Improvement project, a Federal Aid Transportation Alternatives Program project; and

WHEREAS, the project will construct approximately 5,250 linear feet of sidewalk with pedestrian level lighting and pedestrian signal facilities along south side of Lakeshore Drive/County Road (CR) 50 and along both sides of Moran Road/CR 10; and

WHEREAS, In the Town of Canandaigua the project will include the construction of concrete sidewalks, pedestrian level lighting, and pedestrian signal facilities along Lakeshore Drive/CR 50 between City of Canandaigua & Moran Road/CR 10 and west side of Moran Road/CR 10; and

WHEREAS, the project will construct said concrete sidewalks, pursuant to § 102, subdivision 15 of the Highway Law, as shown on the contract drawings for the project; and

WHEREAS, a copy of the proposed project description and the contract drawings are provided as Attachment 7, copies of this information are also on file with the Town Clerk's office; and

RESOLVED, that Town of Canandaigua hereby grants consent for the construction of concrete sidewalks adjacent to Lakeshore Drive/CR 50 and Moran Road/CR 10, as shown on the contract drawings; and further

RESOLVED, Cost for construction of said concrete sidewalks will be a sole project expense; and further

RESOLVED, Ontario County will or cause to repair and reconstruct said concrete sidewalks as deemed necessary by County Commissioner of Public Works; and further

RESOLVED, Town of Canandaigua will provide general day-to-day maintenance which, depending on Town policy, may include control of snow and ice; and further

RESOLVED, that the clerk of this board is hereby directed to transmit certified copies of this resolution to Ontario County Commissioner of Public Works.

RESOLUTION 2016-99: ESTABLISHING APRIL 18, 2016 AS CANANDAIGUA DAY

WHEREAS, the Town of Canandaigua is celebrating its 225th birthday this year, and

WHEREAS, the first meeting of said Town of Canandaigua was held on the first Tuesday of April in the year of 1791, and opened and superintended by Israel Chapin, Esq., who was chosen Supervisor each year from 1791 to 1795, and

WHEREAS, the Town has always endeavored to maintain the rural character, agrarian culture, economic growth and history held dear by our fore-fathers, and

WHEREAS, the Town Board would like to recognize this momentous event in the history of the Town of Canandaigua, and

NOW, THEREFORE, BE IT RESOLVED, that the Town Board of the Town of Canandaigua hereby recognizes this date, Monday, April 18, 2016 as "Canandaigua Day".

RESOLUTION 2016-100: EXTENSION OF THE CITY – TOWN TRANSFER STATION AGREEMENT

WHEREAS, the Town Board currently provides the City of Canandaigua limited services at the Transfer Station; and

WHEREAS, the contract for these services is set to expire on May 1, 2016; and

WHEREAS, it is the desire of both the Town and the City of Canandaigua to extend the current contract; and

NOW THEREFORE BE IT RESOLVED, the Town Board hereby approves of the proposed contract (Attachment 8) to extend the contract for one year and authorizes the Town Supervisor to take any and all steps necessary to execute the contract.

RESOLUTION NO. 2016-101: SETTING HOURLY RATE FOLLOWING INITIAL SIX MONTH PROBATION FOR THE POSITION OF MEO

WHEREAS, as of April 27, 2016, Mr. Jesse Cooper will successfully complete his initial six months of employment as MEO; and

MS4 Municipal Compliance Certification(MCC) Form

MCC form for period ending March 9, 2016

Name of MS4: TOWN OF CANANDAIGUA

SPDES ID: NYR20A546

Each MS4 must submit an MCC form.

Section 1 - MCC Identification Page

DRAFT

Indicate whether this MCC form is being submitted to certify endorsement or acceptance of:

- ● An Annual Report for a single MS4
- ○ A Single Entity (Per Part II.E of GP-0-10-002)
- ○ A Joint Report

Joint reports may be submitted by permittees with legally binding agreements.

If Joint Report, enter coalition name:

5690581587

MS4 Municipal Compliance Certification(MCC) Form

MCC form for period ending March 9, 2016

Name of MS4: TOWN OF CANANDAIGUA

Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for ***each*** of the following positions as indicated below:

DRAFT

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- ● Principal Executive Officer/Chief Elected Official
- ○ Duly Authorized Representative
- ○ Local Stormwater Public Contact
- ○ Stormwater Management Program (SWMP) Coordinator
- ○ Report Preparer

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The goals of the public education and outreach are to continue to provide public presentations to local community groups, to continue the Watershed Education Program to educate school children, to update educational materials in print and on websites, and to maintain educational kiosks with information on stormwater pollution and prevention.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Watershed Education Program continued its efforts and reached approximately 1800 students and an additional 30 students participated in a planting/clean up event. The educational kiosks were maintained throughout the year. The Town of Canandaigua and the Watershed Council both updated their websites. Numerous public presentations were held, including a large event in October 2015 on the blue green algae event. An educational flyer was sent to 2300 residents in their water bill.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period? ● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP? ● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The educational material within the websites and Town locations is constantly being monitored and updated. Materials are being distributed through the Town's monthly emails to residents. The schools educational outreach programs will continue throughout the next years. The Watershed Council is continuously updating their website and distributing educational materials and information. The entire team of Town Operators will be attending DEC 4-hr course on April 7th.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9, 2016

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition: TOWN OF CANANDAIGUA

SPDES ID: NYR20A546

4.a. If this report was made available on the internet, what date was it posted?
Leave blank if this report was not posted on the internet. 03 / 25 / 2016

4.b. For how many days was/will this report be posted? 365

If submitting a report for single MS4, answer 5.a.. If submitting a joint report, answer 5.b..

5.a. Was an Annual Report public meeting held in this reporting period? ○ Yes ◉ No
If Yes, what was the date of the meeting? ___ / ___ / ____

If No, is one planned? ◉ Yes ○ No

5.b. Was an Annual Report public meeting held for all MS4s contributing to this report during this reporting period? ○ Yes ○ No

If No, is one planned for each? ○ Yes ○ No

6. Were comments received during this reporting period? ○ Yes ○ No
If Yes, attach comments, responses and changes made to SWMP in response to comments to this report.

MS4 Annual Report Form

This report is being submitted for the reporting period ending March 9, 2016

If submitting this form as part of a joint report on behalf of a coalition leave SPDES ID blank.

Name of MS4/Coalition: TOWN OF CANANDAIGUA

SPDES ID: NYR20A546

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Town Board Meetings will continue to provide information, and documentation to the public, and provide a venue for public comment. The Town's website will be continuously updated and provide contact information for public comment. The Town's ECB committee also provides a forum for public comments regarding stormwater impacts

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Town Board and Development Office received increased public involvement through emails and participation in Board Meetings. Clean Up events were held though the Council. The Watershed Program was the major team member which providing opportunities for public involvement. The Town and Watershed Program continuously updated their respective websites.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Storm Drain Marking program that was planned for the past year will take place this summer. Town Board meetings will actively discuss the Stormwater Program, solicit public participation at planned events, and provide opportunities for public comment during meetings.

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The outfall mapping process will be completed by the end of the summer 2016. Laws have been written and are currently within the review and approval process. Anticipated adoption of the laws is summer of 2016. Additional laws pertaining to the mandatory routine inspection of on-site wastewater systems are in the process of being reviewed by the Town.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

All parties have been actively reviewing and modifying the proposed laws. Code Enforcement and the Watershed Inspectors have inspected and assisted owners in remedying illicit discharges. Watershed Inspectors continued their on-site wastewater inspection program and have provided over 50 inspection reports to the Town during this reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The outfall mapping process will be completed by the end of the summer 2016. Anticipated adoption of the laws is summer of 2016.

Minimum Control Measures 4 and 5.
Construction Site and Post-Construction Control

The information in this section is being reported (check one):

- ● On behalf of an individual MS4
- ○ On behalf of a coalition

How many MS4s contributed to this report? ___

1a. Has each MS4 contributing to this report adopted a law, ordinance or other regulatory mechanism that provides equivalent protection to the NYS SPDES General Permit for Stormwater Discharges from Construction Activities? ○ Yes ● No

1b. Has each Town, City and/or Village contributing to this report documented that the law is equivalent to a NYSDEC Sample Local Law for Stormwater Management and Erosion and Sediment Control through either an attorney cerfification or using the NYSDEC Gap Analysis Workbook? ○ Yes ○ No ● NT

If Yes, Towns, Cities and Villages provide date of equivalent NYS Sample Local Law.
○ 09/2004 ○ 03/2006 ● NT

2. Does your MS4/Coalition have a SWPPP review procedure in place? ● Yes ○ No

3. How many Construction Stormwater Pollution Prevention Plans (SWPPPs) have been reviewed in this reporting period? 5

4. Does your MS4/Coalition have a mechanism for receipt and consideration of public comments related to construction SWPPPs? ● Yes ○ No ○ NT

If Yes, how many public comments were received during this reporting period? 0

5. Does your MS4/Coalition provide education and training for contractors about the local SWPPP process? ● Yes ○ No

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Town has a comprehensive plan review process which involves coordination with Town Development Office, Town Boards, Watershed Staff, and Town Engineering, prior to approvals being granted. The Town anticipates adoption of new Erosion and Sediment Control laws during the Summer of 2016. The Watershed Staff, MS4 Coordinator, and Code Enforcement Officer routinely assist contractors in compliance with their SWPPP, and perform routine inspections.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The past year has seen an increase in contractor compliance with their SWPPP plans. Town enforcement completes routine inspections of all active SWPPP permits. All active permits are required to provide weekly electronic copies of inspections to the Town. Laws have been drafted and are currently in review. Anticipated adoption of laws is the summer of 2016.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Laws are in review and anticipated to be adopted in the summer of 2016. The Town review and approval process is being documented and formalized for distribution to applicants.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

A standard post-construction SWMF agreement has been drafted and is in the approval process. Post Construction Stormwater laws are in review and anticipated to be adopted within the summer of 2016. Existing SWMFs throughout the Town have been inspected and added to a GIS database.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The majority of the SWMFs (90%) have been identified and inspected during this reporting period. The Highway Supervisor, Watershed Staff, and Code Enforcement are enacting a process for the routine inspection and maintenance of the facilities.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The post-construction stormwater laws are in review and anticipated approval is in the Summer of 2016. The Stormwater Management Officer (code enforcement officer) will continue to work along side the Watershed group and inspect/maintain existing Management Facilities.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- ● On behalf of an individual MS4
- ○ On behalf of a coalition

How many MS4s contributed to this report? ___

1. **Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.**

Operation/Activity/Facility	Addressed in SWMP?	Self-Assessment Operation/Activity/Facility performed within the past 3 years?

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Town has minimized use of fertilizers and other chemicals on Town property/parks. Thw Town routinely sweeps and maintains the roadways and stormwater system. Alternative methods of snow melt are utilized on roadways in close proximity to waterbodies. Salting has been reduced on the roadways. There has been multiple location within the Town where sanitary sewer has been installed, replacing the need for on-site wastewater systems.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Town has minimized use of chemical/fertilizers/salt in many of it's every day practices. Installation of sanitary sewer systems have reduced the chance of on-site wastewater system failures.

C. How many times was this observation measured or evaluated in this reporting period?

12

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The entire team of Town Operators will be attending DEC 4-hr course on April 7th. The Town will continue to update and maintain existing facilities. There will be an inventory created on pollutants of concern.

9. **Has your MS4/Coalition developed and implemented a program of native planting?** ○ Yes ○ No ◉ N/A

10. **Has your MS4/Coalition enacted a local law prohibiting pet waste on municipal properties and prohibiting goose feeding?** ○ Yes ○ No ◉ N/A

11. **Does your MS4/Coalition have a pet waste bag program?** ○ Yes ○ No ◉ N/A

12. **Does your MS4/Coalition have a program to manage goose populations?** ○ Yes ○ No ◉ N/A

ATTACHMENT 3

Dennis Brewer, Director of Parks and Recreation, report to Town Board April 18, 2016

- Copy of Parks/Trails Committee meeting March 23, 2016.
- Next Parks/Trail Committee meeting is April 27 at 5:30 at Richard P. Outhouse Park.
- Have started the placement of some of the cabin roofs at Onanda Park.
- Starting the opening of the cabins at Onanda Park.
- The staff for Town/City Day Camp have been hired. Training will take place the week of June 20, 2016.
- Hiring for the season for the town parks has started. Many staff are returning from last year.
- Have done a sports team use calendar for Richard P. Outhouse Park and Leonard R. Pierce Park. We now have 6 organizations that want to use our fields.
- Ryan Wolack put in about 30 more willow cuttings at Switchback Trail.
- I will have a resolution for the May meeting for someone to treat the Hemlocks at Onanda Park.
- I will attend a presentation on autism at the Ontario ARC Center on April 30.
- Polar Plunge on April 16
- Melissa and Michael Crane have resigned from the Parks/Trail Committee.

DRAFT

Town of Canandaigua
Parks and Recreation/Trails Committee

Meeting Minutes
March 23, 2016
5:30 – 6:57 p.m.
Canandaigua Town Hall

Present

Ali Schenk, Michael Crane, Kevin Reynolds, David Sauter, Jeff Graff, Mark MacNeil, Melissa Crane, Dennis Brewer

Guests: Jim Fletcher

Not Present

Stephanie Kunes, Adeline Rudolph

New Items

Dennis reviewed procedures and standards currently in place for the Parks and Recreation committee.

Events Committee

The events committee is made up of five members. The committee is working on several projects for this year including:

a. A banner is being created to celebrate Canandaigua's 225 anniversary.
b. The town is having a contest to come up with a logo for the Town of Canandaigua.
c. The Town of Canandaigua has been invited to put together a booth for the Ontario County Fair, which will take place during the last week in July. David has connections to many antiques and old barns, which may be helpful in creating the booth. As it stands, the plan is to put together an exhibit of antiques and agriculture items for sale and to display.
d. A square dance is being planned to take place at the fire hall in Cheshire later this year.
e. A Halloween celebration is being planned to take place at Onanda with healthy alternatives to candy.

Old Brookside

Update on Old Brookside – the land is officially considered "green space". The Town is under no obligation to plant shrubs or trees, but regularly mows the area.

Day Camp

There are six openings for leadership roles at Day Camp this year. Dennis has been conducting interviews.

Polar Plunge

The Polar Plunge will take place on April 16th this year. The Town allows a tent for this event each year for the participants to change and stay warm in. The woman running the event is considering renting one of the larger halls instead if the number of participants allows for it.

Bocce Courts

Joe Delforte is the president of the rotary club working on planning bocce courts for Richard P. Outhouse Park. Rotary is planning to install the courts between the pavilions and basketball courts under the supervision of the highway department. Rotary hopes to have the courts installed this spring.

Additionally, rotary's Clean Up Day will take place on May 14th at Richard Outhouse Park. They will clean up the park, plant flowers and mulch.

Hill Cumorah Participants

Participants coming into town for the Hill Cumorah Pageant will be here during the week of July 11th. Dennis will make a list of projects that the volunteers can help with. The volunteers have been extremely helpful in previous years.

Hemlocks Update

Dennis presented an update on the Hemlocks situation at Onanda Park. He has received one bid so far with a solution to take care of the invasive species by way of an injection to each tree. The other option is to purchase a type of insect that will feed on the parasites, but at a price of $5 per beetle. There was discussion about whether the solution is permanent or if there would be continuing maintenance. There are many Hemlocks at Onanda Park, and losing them would have a noticeable impact on the park.

ARC Camp

Dennis reflected on his experience working with kids from ARC in 2015. There were 7-10 kids per day last year and although the camp costs $200/person, every person received a scholarship. Dennis hopes to extend the camp to two weeks in 2016.

Love My Parks Day

Love My Parks Day will take place on May 7th from 9:00 a.m. to noon at Blue Heron, Outhouse and Onanda Parks. Mark and David will take on some of the parks with the help of the boys from their lacrosse team(s). Last year there were volunteers from the local high school as well as the entire Parks and Recreation Committee. Dennis will stop in at each park to demonstrate how to

properly mulch and explain what needs to be done. Advertising for Love My Parks day is taking place on Facebook and via word of mouth. The Daily Messenger should be releasing an article about it in the next few weeks.

Roofs

Jim Fletcher stopped in to ask the committee members for their opinion on installing metal roofs or shingled roofs at the parks moving forward. Committee members questioned aspects of each roof choice such as considering noise within the cabins during rain, wear and tear, replacement, cost and installation, and aesthetics. The committee voted to replace future roofs with shingles in a 4-2 vote. (Ali, Mike, Melissa and Jeff voted for shingled roofs. Mark and David voted for metal roofs.)

Parks & Trails Master Plan

The committee began discussions of what needs to be done regarding the Master Plan put together in 2007. The following points were made:

a. There is a big demand for fields. It is difficult to tell whether the Town needs to purchase/develop more land for fields because there are more kids playing sports or if City teams are migrating to Town fields because they are being charged to use their own fields. The committee feels we need an outside voice with experience to compare Town fields with other area fields and suggest a plan for the future. Do we need to charge for field use or provide more space?

b. Mark questioned what items have been accomplished within the 2007 Master Plan. The committee went through the list line by line and reviewed the items that have been completed since the Master Plan was created in 2007. Most of the items have been checked off the list. It is important to determine what remaining items are still relevant and should be added to a 2016 Master Plan. Since the completion of the 2007 Master Plan, the Town has acquired and developed several parks. Since the 2007 Master Plan was printed, Firehouse Park has been renamed Blue Heron Park. Richard P. Outhouse Park has also been developed within the last few years.

c. The committee should be looking at and discussing things like the functionality of the parks (attracting people to the parks, etc.) and not just addressing maintenance. Maintenance could, at times, be part of this.

d. The master plan should cover 10 years and it should be followed to the best of the committee's ability. As a result, it is important to make sure the master plan is as forward-thinking, informed and accurate as possible. Is it possible for the committee to do this on our own, or is it necessary to hire a consultant? This will be discussed and decided at the next meeting in order to make a suggestion to the Town Board.

Upcoming Meetings

April 27 at 5:30 at Richard P. Outhouse Park
***check out Blue Heron before meeting
HOMEWORK – Go over Master Plan and be ready to make suggestions regarding a future Master Plan.

May 25 at 5:30 at Onanda Park
***check out McJannett before meeting

June 22 at 5:30 at Butler Schoolhouse
***check out Leonard Pierce before meeting

July 27 TBD

August 24 TBD

September 28 TBD

October 26 TBD

Submitted by Melissa Crane

4/18/16

Highway Superintendent report.

Highway

1. Will begin the culvert project on Seneca Point road on the 18th of April.
2. In one of the resolutions I have is the name change at Ferris Hills. This has come about by a request from Rick Gerger of Thompson Health. There are two entrances to Ferris Hills and both of them have a different name. To solve the issue they want to have it renamed to Ferris Hill Drive.
3. I have had concerns and complaints in the area of Acorn Hill Drive on the S curve. The residents in this area are asking for something to be done on the traffic that uses the curve as a race track. It seems that drivers like to hug the corner and when residents are walking they have no place to go as there are no shoulders on this section of road. Also the construction traffic that is going on at section 9 A is an issue. I have started to review this road from is conception to understand how it was agreed by the town and builder to be built and dedicated to the town.
4. Asphalt prices are at a low I have not seen in quite some time. I am going to review what I was looking to complete this year and come back with a revised 284 agreement for the May meeting.

Water

1. Replacing 48 year old fire hydrants on Cooley road.
2. Had the sanitary inspection from the Dept. of Health this month. We had a very good review and one item to address in a pressure reducing vault we had some water in it as the sump pump was not working correctly.
3. The public works committee did meet this month to discuss water and we will have a report in May for the board.
4. A discussion needs to be had by the board on water to Woolhouse road. I have had a few of the residents contact me asking what the next step is.
5. I have had a few water customers ask if there could be a commercial water rate as they consume a large amount of water. This will be something to discuss with the committee.

Other items

1. Back in June of 2015 the board approved an energy audit through Johnson controls I have attached the preliminary information from them on their findings.
2. I have spoken to both utility companies on moving the guide wire that is in the way for the path to the switch back trail. Both agreed to move it very soon. Once done will then install the driveway / walking path to it.
3. Began the replacement of the roof on cabins at Onanda Park.
4. The rear driveway entrance to the town owned fire department is in poor shape. I will have an estimate to replace in May to discuss with the board.
5. Working with a pond company in Hopewell that sells products that are non-chemical to improve the issues in Fox Ridge ponds on the algae and other items that occur during the year.

6. Had a discussion with Mark Costich of Costich Engineering on Seneca Point road and the Everwild project. They want to know what could be done to assist with cost associated to any damage to the road if the project was to be built. I suggested that a bond be posted and a video tape of the road in its current condition be done. This way we can document the damage and any cost to it once construction is complete. We also discussed a weekly inspection during construction. I also told Mark that the town board will also have to agree to this.

Energy Performance Contracting

Preliminary Assessment for the

Town of Canandaigua

Presented by:
Chris Kalwara
Account Executive
Direct Phone: (315) 569-9179

Johnson Controls

NYS Energy Law- Article 9- Energy Performance Contracting

A mechanism for procuring and implementing infrastructure improvements which are funded over time through guaranteed operational savings

- Design/Build
  - single point of contact
- Self-funding
- Firm/Fixed Price, no change orders
- Lease-Purchase financing is an option
- Public bidding requirement does not apply
- Guaranteed savings

Streetlights- Benefits to the City

- **Environmental:** 50-70% reduction in energy consumption
- **Public Safety:** Brighter lights, fewer burnouts
- **Financial:** extended life of LED reduces O&M costs, eliminates facilities charges

Project Scope

- 117 Utility-owned street lights LED conversion
- 106 Town-owned street lights LED conversion
- Town Hall parking lot lights, soffit lights, wall packs, cold storage building lighting LED conversion
- Goram Lodge boiler replacement, pipe and valve insulation, programmable t-stat installation, interior lighting retrofit to LED
- Crouse House interior lighting retrofit to LED

Cost/Savings Estimates

Savings

- Energy - $15,709
- Street Lighting Maintenance Charge - $18,258
- Total Savings- $33,967

Cost

- JCI Sell Price $380,000
- RG&E Buyout Cost $69,089
- Rebate Estimate - $14,000
- Total Cost to Town - $449,089

Simple Payback with Rebate 12.8 years.

Preliminary Cash Flow

Year	Savings	Incentives	Annual Project Savings	Principal & Interest	Ongoing Services	Annual Project Cost
1	$ 33,967	$ 14,000	$ 47,967	($37,619)	($15,000)	($4,652)
2	$ 35,326	$ -	$ 35,326	($37,619)	($15,600)	($17,893)
3	$ 36,739	$ -	$ 36,739	($37,619)	($16,224)	($17,104)

8	$ 44,698	$ -	$ 44,698	($37,619)	$0	$7,080
9	$ 46,486	$ -	$ 46,486	($37,619)	$0	$8,868
10	$ 48,346	$ -	$ 48,346	($37,619)	$0	$10,727
11	$ 50,279	$ -	$ 50,279	($37,619)	$0	$12,661
12	$ 52,291	$ -	$ 52,291	($37,619)	$0	$14,672
13	$ 54,382	$ -	$ 54,382	($37,619)	$0	$16,764
14	$ 56,558	$ -	$ 56,558	($37,619)	$0	$18,939
15	$ 58,820	$ -	$ 58,820	($37,619)	$0	$21,201
Total:	$ 680,141	$ 14,000	$ 694,141	($564,280)	($46,824)	$83,037

Next Step

- Select ESCO, Energy Law - RFP
- City's procurement requirements
- Conduct Detailed Energy Audit

Detailed Energy Audit

- Assemble spreadsheet detailing fixture type, wattage, GPS coordinate of each street light
- Assemble spreadsheet detailing savings
- Provide web, mobile Geographic Information Systems (GIS) and Street Lighting audit with ArcGIS file showing locations of each street light
- Physical inspection of street lights to confirm existing wattages, light source, etc. not identifiable by GIS field auditors.
- Data will be accessible through daily exported spreadsheets.
- Performance Contract Agreement

Johnson Controls' Qualifications

- Established 1885, Fortune 67 company, FY13 revenue- $42B
- Largest Performance Contractor, Implemented over 3,000 projects in 30+ years
- 81 Active projects in NYS
  - Presently guaranteeing energy savings totaling $352,190,938
- NYS presence:
  - 1rst office established 1886
  - 43 Offices, 742 employees
  - Payroll taxes paid- $2,300,000
  - 5,318 "Green" jobs created as result of JCI projects
  - Environmental benefits:
    - JCI projects responsible for greenhouse gas reduction totaling 7,018,889 tons

- Local NYS municipal projects (partial list):
  - Town of Colonie
  - City of Corning
  - City of Utica
  - City of Rome
  - City of Binghamton
  - City of Saratoga Springs
  - City of Ithaca
  - City of Batavia
  - City of Corning
  - Village of Johnson City
  - Village of Scotia
  - Tompkins County
  - Broome County
  - Montgomery County
  - Onondaga County

Assessor's Report April 18, 2016

The tax roll is now at the County office to be checked over before the May 1st Tentative Roll date. A civil service test date of June 4th has been established for the position of Real Property Appraisal Aide. Pam Post is signed up to take the exam and needs to place in the top 3 to make her provisional appointment permanent.

In the new state budget there is a change to the Star program; it will now be a refundable income tax credit for new homeowners. There will be no change for residents with existing exemptions. There was a webinar on the changes last week that I will forward to the Board members once it becomes available.

Last Wednesday I spoke at a Realtors meeting about the Star changes and a Q&A about exemptions in general.

Christopher Lyon, IAO

Assessor

Town of Canandaigua
Director of Development
Administrative Report
April 18, 2016

ADMINISTRATION / DEVELOPMENT OFFICE:

ADMINISTRATION: The Development Office has issued 88 building permits in the first quarter of 2016, for comparison the Development Office issued 101 building permits during the first quarter in 2015.

PLANNING BOARD: The Planning Board is currently undertaking a thorough review of the draft SCR-1 Zoning District local law. The Planning Board has asked their attorney to provide revisions to the Planning Board for review so that they might be able to forward a full recommendation to the Town Board during your May 16th public hearing on the draft local law.

ZONING BOARD OF APPEALS: New ZBA Alternate John Casey met with me in length on Friday, April 8th to get caught up to speed on pending projects, the rules and procedures of the ZBA, and to fill out paperwork for his position. Mr. Casey does not wish to be compensated at all for his service as the ZBA Alternate, and would prefer to serve as a volunteer. I have prepared a resolution for your consideration which would set the pay rate for the ZBA Alternate position at $ 0.

CITIZENS IMPLEMENTATION COMMITTEE: The CIC met on April 5th for the purposes of reviewing the Natural Resource Inventory (NRI) Team's recommendation of a local law for the protection of Steep Slopes, and a follow up to the Ag Forum held on March 23rd.

Ag Team – The Ag Team held an Ag Forum on March 23rd for the purposes of conducting a S.W.O.T. analysis, sharing soil mapping, and receiving information from residents of the community; as well as, those in agriculture. LaBella has updated the soil mapping at this point for the Town of Canandaigua, and identified the uses for the ag lands in production currently. At a meeting of the Ag Team on April 7th, the Ag Team reviewed the draft findings of the SWOT analysis and provided comment. Additionally, the Ag Team is beginning the process of working on the next phase of the Ag Plan which includes a summer forum with those interested in Agriculture. The team is exploring the feasibility of holding the Ag Summer Forum with guest speakers at the Ontario County Fair.

Town of Canandaigua
Director of Development
Administrative Report
April 18, 2016

Steep Slope Proposed Local Law – At their meeting on April 7th, the CIC reviewed the draft local law recommendation by the Natural Resources Inventory Team for the protection of steep slopes. On a motion made by Oksana Fuller, seconded by Gary Davis; the CIC has recommended that the draft local law be presented to the Town Board for consideration.

If enacted, §220-8.1 would be known as the Steep Slope Protection Law for the purpose of conserving the sensitive environment of steep slope areas, and to regulate land use within these areas in a manner which protects the public interest by minimizing detrimental effects of disturbance and development to steep slopes. This draft local law would categorize moderately steep slopes as having a 15% to 25% slope; a very steep slope as having a 25% to 40% slope, and extremely steep as greater than 40%.

Upcoming Meetings:

Planning – The next scheduled Planning Board meeting is April 26th at 6:30pm.
Zoning – The Zoning Board of Appeals next meets April 19th at 6:00pm.
Environmental Conservation Board – May 5th at 4:30pm.
Citizens Implementation Committee – May 3rd at 9:00am to discuss the recommendation of the NRI Team on Ridgelines.

Sincerely,

Doug Finch, Director of Development

Town Historian's Report
for April 18th, 2016

1. RFQ's have been prepared for 2016 cemetery work and will go out to three contractors this week.

2. Presented a "tutorial" on English Barns to the Town of Farmington's Historic Preservation Commission on Thursday, April 7th, 2016.

3. I am doing two presentations for Ferris Hills in April and May.

4. Doing Presentations on the History of the Tour of Barns to promote the October 8th tour at Canandaigua Day at the Museum on May 14th and at the Phelps Historical Society on May 25th. There may be other presentations though out the summer.

5. Special Event activities for the 225th Town Anniversary are progressing very well. I would ask Oksana to talk of these at a "privilege of the floor" opportunity.

Respectfully submitted,

Ray Henry,
Town Historian

Town Clerk Report for the April 18, 2016, Town Board Meeting

1. **Monthly Financial Report**: Revenues collected in the Town Clerk's office for the month of March 2016 totaled $40,539.07 (see attached).

2. **2016 Town / County Tax Bills:** The 2016 County / Town tax season has come to a close. It was another successful tax season. A total of $ 10,424,732.33 or 98% of the tax warrant was collected. A total of 153 of the 4703 tax bills were not paid in full. On April 8, 2016, I met with the Ontario County Treasurer's office at which time our records balanced with each other and a final payment was made to the Ontario County Treasurer's office. At this time, the Ontario County Treasurer's office will begin their follow-up with property owners who have not paid their 2016 County / Town tax bill.

3. **Records Vault Ventilation System:** The records vault ventilation system is scheduled to be replaced on Tuesday, April 12 and Wednesday, April 13, 2016, by RL Kistler Service out of Rochester.

Please let me know if you have any questions.

CLIENT MEMO

To: Canandaigua Town Board Date: April 13, 2016

Client: Town of Canandaigua

From: Bob Fox and Tina DeNigro

March 2016 Revenue/Expense Control Report for Board

We are providing you with the March 2016 Revenue/Expense Control Reports as of April 13, 2016.

EXECUTIVE SUMMARY

BALANCE SHEET

- Bank statements have been reviewed and reconciled as of March 31, 2016

REVENUES

- Receipts recorded on the Daily cash sheet totaled $156,646.33 and included the following receipts:
  - Town Clerk - $24,654.49, including $10,985.45 in water revenues, $2,000 in Park fees, $6,615 in Park rent, $6,570.65 in Site Development and several other normal revenues
  - Town Justice receipts of $29,766
  - Development Office - $6,570.65 applied against accounts receivable.
  - Sale of Equipment - $9,750.00
  - Ontario Snow & Ice Contract - $65,634.71
  - Insurance Claim payment - $10,831.51
  - Other - $9,438.97

EXPENDITURES

- We would expect 75% of available balances in each fund to be about 75% at the end fof March
  - General Fund – Expenditures have been $608,468against a budget of $3,667,672 which leaves 83.41% available. The only large expenditures that appear to be above an expected rate aare the health care costs in Acct. 9060 where approximately 67% remains unspent.
  - Highway Fund – Expenditures have been $777,645 against a budget of $4,523,134 which leaves 82.81% available. The overall balance is okay, but only 58.79% of health care costs remain unspent in this fund.
  - Water Fund – Expenditures have been $240,389 against a budget of $1,246,147 which leaves 80.71% available. It appears that there are no major expenditures above what we would expect.

OTHER MATTERS

- Our work on the Town Clerk and Town Justices is essentially complete. We wil be providing reports on them next month.

TO: Town Board
FR: Environmental Conservation Board
RE: **Environmental Conservation Board 2016 Projects Plan**

The following programs, and descriptions, are intended to keep the Town Board aware of the work of the ECB. These are the projects that the ECB has discussed and feel we would like to undertake during this year. We appreciate the Town Board's support in moving forward with these projects by approving our Plan as presented.

Aquatic and Terrestrial Invasives

- **Hemlock Woolly Adelgid Forum** – This forum was completed on 2/20/16. The program, given at the Cooperative Extension, was well received by its 22 participants.
- **Aquatic Plant Invasives Workshop** – This workshop has been previously approved by the Town Board and will be held at Crouch Hall, Onanda Park, on June 16th at 6-8 PM. Further information on the program has been provided in our monthly report.
- **Terrestrial Invasives Training for Highway Employees** - Jim Fletcher has approved a one hour training for town highway employees. Edith Davy will conduct a training on the identification of invasive species and dangerous plants, some of which can be spread to other areas on boots and equipment. Jim and Edith will coordinate a suitable date and time, probably in late May or early June. Members of other Boards will be invited.

Food Recycling Program Referral

- Presentation by Al Kraus in February.
- Discussion among the board regarding pros and cons and review of pertinent documents in February and March.
- Invitation to Jim Fletcher to discuss prospects of such a program in March.
- Contacted Rich Russell, Chair, Environmental Quality Committee with questions regarding the County's future plans for food recycling. The County's Solid Waste Management Plan does not specifically address food recycling or composting. There is no formal plan for the City of Canandaigua at this time. Wants to do some more research and will get back to me. Waiting for further information.
- Contacted Scott Foti, DEC Region 8, Albany encouraging the program but expects local municipal/county development with possible other partnerships.
- Full report to the Town Board in May.

Comprehensive Plan Update Action Steps Request from the CIC

At the last CIC meeting it was noted that in a Memo to the Town Board, which the Board accepted in December 1, 2015, the Conservation Easement Team recommended that in order to achieve the objectives of Goal #7 of the Comprehensive Plan Update the ECB would take an active role in two

areas:

- The idea that an update to the Lands of Conservation Interest Map would be timely for Planning and other Boards as they review the spatial relationships between our existing open spaces, conservation easements, new Padelford Greenway, trails – current and proposed, parks, habitat corridors, agricultural lands, natural buffers in subdivision developments, and natural resources protection areas; such as riparian forests, wetlands, steep slopes, etc. Many things have changed in our town since the adoption of the Map in 2004. Not only have parks, conservation easements and a new greenway been added to the town's inventory but mapping technology has changed dramatically. With On-Cor and our new Smartboard capacity town boards are able to see the multiple layers of any parcel. But there are holes in this technology as new information from the last few years needs to be added to it. With help from County's On-Cor System Coordinator and our own town resources we should be able to bring our conservation map up to date. Expected development through the end of 2016.

- Working with the Finger Lakes Land Trust to identify willing property owners to explore voluntary conservation easement programs. As we complete the update to the Lands of Conservation Map and get a better idea of what lands the town would like to target for preservation, our partnership with FLLT would be more directed. We look forward to working with FLLT to develop a public forum that encourages residents to consider the possibility of conserving their land. Possible program in the late Fall/Winter.

MS 4

- Continue to be an active partner in the MS4 Program by finding ways to further our public information and outreach capacity.

Public Outreach Opportunities

- The ECB continually supports other partners by posting information and flyers on sensitive environmental topics to our webpage and when appropriate to the town website. For example, we have recently posted information regarding a presentation on Healthy Land, Clean Water: Best Practices for Lake Friendly Living, sponsored by OCSWCD, CLWA and the Cooperative Extension on April 21st at FLCC. We look forward in doing our part to nurture a cooperative relationship with community partners.

Keeping Ourselves Informed

- It is important that the ECB have a working knowledge of many aspects of other committees and boards. At our last meeting we discussed inviting Dennis Brewer to give us an overview of the hemlock woolly adelgid abatement project that the town is now undertaking, We will also be talking to him about the conservation map project and how we can work with the Parks and Trails Committees. We may from time to time invite other department heads to our meeting in order to keep ourselves acquainted with town operations that may be pertinent to our own deliberations and understanding of particular issues.

Other Initiatives

- Budget request to the town in August.
- Annual Report due to Town Board in November/December.
- Other pursuits as they may arise.

Respectfully submitted,

Joyce Marthaller, Chair
Environmental Conservation Committees

RE: Monthly Update – April

"Your Guide to Town of Canandaigua Waste and Recycling" Brochure

The ECB is now submitting for your approval the final draft of this brochure. After meeting with Jim Fletcher we have concluded that the information in the brochure is accurate as stated. We discussed the distribution of the brochure and agreed that copies should be displayed in the Transfer Station as well as the Town Clerk's office. Cost for purchase of 2 Outdoor 4×9 Wall Mount Brochure Holders for the Transfer Station would be $20/$30 each depending on type. We have also considered, that as approximately 2600 permits were issued from the Clerk's Office during the previous two-year period, a printing of 1000 copies would be advised. Number of permits issued this year is already 1,093 as of 3/3/16. It seems logical considering permit numbers that 1000 copies is a good estimate at this time. Brochure attached.

Estimated cost:

2 Outdoor 4×9 Wall Mount Brochure Holders @ $20/$30 ea.	$40/**$60**
1000 printed/folded full color copies of Waste and Recycling Brochure	
~~Staples~~ (too high)	~~$1360.00~~
Quickprint	**$240.00**

RECOMMENDATION:

The Town Board approve the final draft of the Waste and Recycling Brochure and authorize an expenditure of approximately **$300.00** to be charged to Budget Line Item A8020.450 which has been reserved for this project.

Food Recycling Proposal

In our meeting with Jim we also discussed at length Al Kraus' proposal for organics recycling. We were in agreement that resident participation is a focal question. We are aware that the State and County have not as yet developed a plan for transition to a food recycling initiative but will rely on local initiation of such a project. If the Town of Canandaigua moves forward with this proposal it would be very experimental. Public information and education are the main factors for a successful program. It would take considerable effort, and perhaps cost, to initiate and sustain this outreach. We all agree that this in our future but reluctant to commit at this time given all the unanswered questions. A full and final report will be available at the next Town Board meeting.

Aquatic Invasive Species Workshop

A workshop on the above topic was approved by the Town Board at the last meeting. The workshop

will be held at Crouch Hall, Onanda Park, Thursday, June 16th, 6-8 pm. To date all particulars of the workshop are coming together. Dr. Bruce Gilman will be the main speaker. Participants are encouraged to bring water weeds for identification. The ECB has partnered with the CLWA and Ontario County SWCD. The CLWA will provide Watercraft Stewards to demonstrate proper cleaning and handling of aquatic invasives when found on a boat. The ECB and OCSWCD are now working to get this unique workshop information out to our residents and others, We'll keep you posted as the project continues.

MS4

The Director of Development gave a short presentation on this program and the ECB's involvement. As stated in the MS4Annual Report, Minimum Control Measure #1, Public outreach and education. The ECB will serve as the source of the program's public information. All ECB projects to date and those indicated in our 2016 Projects Plan are aimed at this objective.

ECB 2016 Projects Plan

As attached

Respectfully submitted,

Joyce Marthaller, Chair
Environmental Conservation Board
cc: Doug Finch
ECB Members
Dev. Clerk

Special collection areas accept:
(See attendant for locations)

- **Wearable Clothing**
- **Appliances**
- **Scrap Metal**
- **Tires***
- **Furniture, mattresses, carpet***
- **Construction and demolition debris***
- **Batteries: Car, truck, boat, motorcycle, tractor, lawn tractor**
- **Used oil**
- **Radiators**

* Coupon(s) required.

Compost area accepts:

- **Leaves**
- **Brush**
- **Christmas trees**
- **Yard debris**

We can not accept hazardous wastes including the following:

- **Propane tanks with valve in place**
- **Liquid Paint**
- **Fuel**
- **Medical waste such as syringes.**

Watch for an Ontario County Hazardous Waste Collection Day.

Town of Canandaigua Transfer and Recycling Facility Hours

Wednesday: 4:00 PM to 8:00 PM
Saturday: 8:00 AM to 12:00 PM
Sunday: 8:00 AM to 12:00 PM

Permits: Transfer and recycling is available by permit only for Town of Canandaigua residents. Permits are available from the Town Clerk's office in Town Hall with proof of residency. Registration is needed for any vehicle using the facility.

Coupons: Some items require the purchase of coupons for disposal or recycling. Coupons are available to Town residents at the transfer center (cash only), or from the Town Clerk weekdays from 8:00 AM to 4:00 PM and with extended hours on Wednesdays to 7:00 PM.

A detailed list of fees and materials is available from the Clerks' office or online at:

www.townofcanandaigua.org

Recycling:

- Conserves natural resources
- Prevents pollution
- Saves energy
- Reduces air & greenhouse gas emissions
- Sustains the environment for the future
- Reduces waste sent to landfills
- Creates jobs
- And saves your tax money!

Your Guide To Town of Canandaigua Waste & Recycling

Town of CANANDAIGUA

Transfer Station Address:
5440 Route 5 & 20 West
Canandaigua, NY 14424

Acceptable Items

Single-Sort Commingled Recycling is recycling made easy!

Just remove caps and lids, empty and rinse containers, then deposit all of these items together in the Single-Sort Recycling compactor.

Recycle these paper products:

- **Newspapers and inserts**
- **Office or school paper, file folders**
- **Phone books, magazines, catalogs**
- **Soft cover books**
- **Cardboard** (flattened)
- **Brown bags or wrap**
- **Boxboard** (e.g, cereal boxes)
- **Milk cartons, drink boxes**
- **Pizza boxes** (no food)

Recycle these glass products:

- **Glass food jars**
- **Beverage bottles**

Recycle these metal products:

- **Food cans** (steel and aluminum)
- **Caps and lids**
- **Aluminum pie pans**
- **Aluminum beverage cans**
- **Aluminum foil**

Recycle these plastic products:

- **Plastic containers #1 - #7** (look on the item for the number)

- **Large rigid plastics** (laundry baskets, pails)

Consumer Electronics Recycling

Deposit These items in the electronics recycling area.

- **All Fluorescent bulbs including Compact (CFL)**
- **Batteries other than Alkaline or Lithium**
- **Stereos**
- **TV's and computer monitors**
  (Anything with a Cathode Ray Tube requires coupons)

Not Accepted

Items that are NOT Single-Sort:

- **Aerosol cans**
- **Automotive fluid containers**
- **Lithium or alkaline batteries**
- **Ceramics**
- **Drinking glasses**
- **Hard cover books**
- **Light bulbs** (other than Fluorescent)
- **Paper towels or facial tissue**

INDEPENDENT CONTRACTOR
SUPPLMENTAL TERMS AND CONDITIONS

These Supplemental Terms and Conditions ("Terms and Conditions") are required to be incorporated into any agreement between the Town of Canandaigua ("Town") and any Independent Contractor ("IC") providing services and/or work to the Town (collectively, "Services"). The Terms and Conditions herein shall supersede any other inconsistent terms between the Town and the IC.

1. Payment Terms

   A. Any and all requests for payments for Services shall be submitted to the Town Clerk in writing and shall be certified as true and correct. Payment is subject to approval by the Town at its next regular Town Board meeting and no late charges, penalties, and/or interest may be assess by the IC against the Town until the Town has approved payment to the IC.
   B. The maximum liability of the Town shall in no case exceed the maximum amount appropriated by the Town for the Services.

2. Ownership of Work Product

   All work product, including records in any medium, compiled and/or prepared by the IC in the delivery of Services to the Town (collectively, "Work Product"), shall become and remain the property of the Town. IC shall not, by virtue of the Services to the Town have or obtain any right, title or interest in or to such Work Product, and shall have no right to disclose, use, and/or exploit such Work Product, except that IC may maintain a copy of the Work Product for purposes of maintaining its business records.

3. Assignment and/or Subcontract

   IC is prohibited from assigning any and/or all of its rights under any agreement with the Town without the prior express written consent of the Town. IC is prohibited from subcontracting any part of the Services without the prior written consent of the Town. In the event that the Town consents to an assignment and/or subcontract, all Services received by

the Town shall be deemed performed by the IC and IC shall remain primarily responsible for the Services provided to the Town.

4. Absence of Conflicts of Interest

IC agrees that I has no interest and will not acquire any interest, direct or indirect, that would conflict in any manner or degree with the Services provided to the Town.

5. Status as Independent Contractor

IC expressly understands and agrees that it is and shall in all respects be considered an independent contractor, and IC, its employees, partners, associates, subcontractors, sub-consultants, and any others employed by it, are not and shall not hold themselves out nor claim to be an officer or employee of the Town, nor make claim to any rights accruing thereto, including but not limited to Workers Compensation, Unemployment Benefits, Social Security or retirement plan membership or credit. IC shall comply, at its own expense, with the requirements of all federal, state, and local laws, rules and regulations applicable to it as an employer of labor or otherwise. IC shall further comply with all rules, regulations and licensing requirements pertaining to its professional status, if any, and that of its employees, partners, associates, and subcontractors.

6. Non-Discrimination

IC represents that in the hiring of employees for the Services, neither IC, nor any contractor, subcontractor, nor any person acting on behalf of IC, shall be reason of race, creed, color, sex, age, physical disability or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the Services. IC further represents that neither IC, nor any contractor, subcontractor, nor any person on its behalf shall, in any manner, discriminate against or intimidate any employee hired for the Services on account of race, creed, color, sex, age, physical disability or national origin.

7. Indemnification / Hold Harmless

IC agrees to the fullest extent of the law, that except for the amount, if any, of damage contributed to, caused by or resulting from the negligence of the Town, IC shall indemnify and hold harmless the Town, its officers, employees and agents from and against any and all liability, damage, claims, demands, costs, judgments fees, attorneys' fees or loss arising directly or indirectly out of the negligent acts or omissions hereunder by IC or third parties under the direction or control of the IC. IC further agrees to provide defense for and defend, at is sole expense, any and all claims, demands or causes of action directly or indirectly arising out of the acts or omissions of the IC and to bear all other costs and expenses related thereto.

8. Notices

All notices of any nature shall be in writing and sent by registered or certified mail postage pre-paid to each party as follows:

Town of Canandaigua	Independent Contractor
Canandaigua Town Clerk Canandaigua Town Hall 5440 Routes 5 & 20 West Canandaigua NY 14424	Ehrlich Pest Control Services 6300 Colletti Road West Farmington, New York 14425

9. Termination

The Town reserves the absolute right to terminate the Services upon thirty (30) days written notice to the IC.

10. Insurance

The IC shall deliver a certificate of general liability insurance, errors and omissions insurance, or professional liability insurance, as the case may be, ("Liability Insurance"), with a limit amount no less than $1,000,000.00 per occurrence, and naming the Town as the Certificate Holder. IC agrees to maintain the Liability Insurance in full force and effect until the completion of the Services.

___ Liability Insurance requirement waived (Consent from the Town's insurance carrier must be obtained prior to granting a waiver absent an emergency).

___ Modification of limit amount to $_____ (Consent from the Town's insurance carrier must be obtained prior to a modification absent an emergency).

IC shall also deliver to the Town proof that IC maintains Worker's Compensation Coverage.

EMERGENCY POWER SYSTEMS
300 Mile Crossing Blvd.
Rochester, NY 14624
Phone: (585) 464-6333
Fax: (585) 464-6334

Maintenance Agreement
Generator Sets

This maintenance agreement is entered into by Emergency Power Systems and the generating set owner below named for the purpose of maintaining the emergency standby generating set(s) and associated equipment as listed below in the best possible operating condition. This will minimize the necessity of emergency attention, this assuring efficient upkeep practices by trained technical personnel at a minimum cost.

Upon acceptance of this agreement, Emergency Power Systems will render the service listed below on this agreement. It will be inspected during regular business hours two times each year while this agreement remains in effect. These inspections are tentatively scheduled for June & December and will include:

Natural Gas / LP

1. Inspect all spark plugs – re-gap and clean or replace as necessary.
2. Check & adjust points – clean or replace as necessary.
3. Adjust carburetor and governor as necessary – clean and lubricate linkages.
4. Check natural gas pressure as necessary.
5. Check all lines for leaks and excessive corrosion/deterioration.

Diesel

1. Inspect and tighten (if necessary) all injector supply and return lines.
2. Inspect injection pump for leaks and proper operation.
3. Inspect supply and return lines to unit, advise condition of tanks(s) and lines to customer if excessive rust/water/sludge exists.
4. Take a fuel sample if deemed necessary to determine condition of fuel (Cost is extra.)

All Units

1. Check condition of starting batteries – add water as necessary – if replacement is advisable, report to customer.
2. Check condition of air cleaner – clean if practical – replace as necessary (element is an additional cost to customer)
3. Check for proper oil pressure, coolant temperature, proper antifreeze protection/condition-block heater operation and cooling air flow, advice of any action required.
4. Check brushes / commutator / slip rings if applicable – clean as necessary.
5. Check for proper AC output; frequency – adjust as necessary.
6. Check automatic transfer switch for proper operation – clean as necessary – check battery charger float voltage and adjust as necessary.
7. Conduct a system test under load – if authorized by customer at time of visit – static test if possible if load test not practical.
8. All units to get an oil/filter change annually – Gas/Gaso shall get a tune-up as well (spark plugs, distributor cap, rotor, points /condenser.)
9. A written report shall be submitted to owner – any further work advised shall be noted.

It is the purpose of this inspection to repair and put the equipment back into good running condition if it requires such. For this purpose any parts required, not specifically mentioned above, and any additional travel time and/or labor to install these parts will be charged to the generating set owner at regular established rates.

The charge for this service will be as follows;

Manufacturer	Model No.	Serial No.	Location	Annual Rate
Generac	QT13068KNSNA	4362047	Booster Pump Station	$650.00
Generac	QTA10068NSNA	4711857	Town Hall	$650.00

Exclusions / Provisions: 5% Discount on additional Parts/Labor not listed
Demand service between regular inspections will be provided during regular business hours at established rates for parts and labor plus traveling charges from the shop to the location of the generating set. It is understood that this agreement does not include any parts, labor or traveling expenses other than those specifically mentioned above. It does not include expenses to repair damage caused by abuse, accident, theft, acts of a third person, forces of nature or altering the equipment. Emergency Power Systems shall not be responsible for failure to render the service for causes beyond its control, including strikes and bar disputes. This agreement is effective from February 2016 to February 2017 and is payable per invoice. This agreement is not assignable without the consent of Emergency Power Systems and will remain in force until cancelled by either party through 30 days written notice to the other.

Supervisor Pamela A. Helming
Town of Canandaigua
5440 Routes 5 & 20 West
Canandaigua, NY 14424

Re: Lakeshore Drive & Moran Road Sidewalk Improvement, P.I.N. 4755.97
City of Canandaigua & Towns of Canandaigua and Hopewell

Dear Supervisor Helming:

Ontario County (County) is pleased to announce sidewalk improvements are planned for Lakeshore Drive & Moran Road for the 2017 construction season. As you may recall in 2014, the County, City of Canandaigua and Towns of Canandaigua & Hopewell all partnered to submit an application for funding of said project under the Federal Aid Transportation Alternatives Program (TAP). The project objective is to close gaps in the existing sidewalk network and improve safety within project area.

The planned work will include approximately 5,250 linear feet of sidewalk with pedestrian level lighting along both Lakeshore Drive/County Road (CR 50) and Moran Road (CR 10) as described below:

Lakeshore Drive/CR 50: Project will construct approximately 2,925 linear feet of 8-foot wide concrete sidewalk with curb ramps and pedestrian level lighting on the south side of Lakeshore Drive, from NY 364 to NY 5-US 20. A 6-foot wide (minimum) grassed strip is proposed from the existing edge of pavement to the front edge of the proposed sidewalk. In addition, pedestrian signal facilities will be constructed at NY 364 & Lakeshore Drive intersection to make the pedestrian connection across NY 364 safer.

Moran Road/CR 10: Project will construct approximately 2,325 linear feet of 8-foot wide concrete sidewalk directly adjacent to curb with curb ramps and pedestrian level lighting on both sides of road. Shoulder reconstruction will be completed, as necessary, to construct the proposed curb & storm drainage facilities. Milling of existing pavement, hot-mix asphalt paving, and other incidental construction will be completed on the road after the shoulder reconstruction.

Crosswalks and pedestrian warning signs will be provided or enhanced at each intersection within the project area.

We've attached a preliminary set of plan drawings of the proposed sidewalk improvements for your information.

All roads will remain open to through traffic (1-lane minimum) during the construction. Traffic will be maintained utilizing short-term, single lane closures. The project may be inconvenient for motorists and area residents during construction. That is the nature of construction work.

County will own, operate, and maintain the proposed sidewalks and lighting system during their useful life. However, the TAP requests that County provide resolutions and/or agreements with partnering municipalities for construction of the sidewalks and snow & ice control. We've attached a draft resolution to this letter for your review and consideration. Our plan is to work with you to have the resolution in place prior to construction of the project.

We plan to publicly bid the construction contract in the first quarter of 2017. Work should begin in May or June 2017 and last approximately six (6) months.

If you should have any question or concerns, please contact me directly at (585) 393-2999.

Sincerely,

Timothy G. McElligott, P.E.
Professional Engineer

AMENDMENT TO TRANSFER FACILITY USAGE AGREEMENT

THIS AMENDMENT TO TRANSFER FACILITY USAGE AGREEMENT is made effective the 1st day of May, 2016 between the **CITY OF CANANDAIGUA**, at 2 North Main Street, Canandaigua, New York, 14424, Ontario County, New York, ("City"), and the **TOWN OF CANANDAIGUA**, at 5440 Route 5&20 West, Canandaigua, New York 14424 ("Town.")

WITNESSETH:

WHEREAS, the City and the Town entered into a Transfer Facility Usage Agreement, dated May 1, 2014; and

WHEREAS, said Agreement was amended on June 3 2015; and

WHEREAS, the amended Agreement authorized the City to utilize the Town transfer facility until April 30, 2016; and

WHEREAS, the Town and City desire to continue the Agreement for an additional 12 months under the same terms and conditions.

NOW THEREFORE, in consideration of the mutual promises and covenants hereinafter contained, the parties hereto agree as follows:

A. The Transfer Facility Usage Agreement, dated May 1, 2014 between the parties be, and the same hereby is, amended as follows:

1. The Town hereby authorizes the City to utilize its transfer facility for purposes of removing bulk refuse and recycling waste from City residents and property owners for a term of one (1) year, which use shall begin on May 1, 2016 and end on April 30, 2017. Either Party may terminate this Agreement with 90 days written notice. Upon written agreement of the Parties, this Agreement may also be extended for additional terms up to one year in length per each extension Agreement.
2. City residents who wish to recycle electronics containing cathode ray tubes will be required to purchase disposal coupons from the Town of Canandaigua. Coupons may be purchased from the Town Clerk or from the ticket machine located in the transfer facility.

B. All other terms and conditions of the original Transfer Facility Usage Agreement not hereby modified shall continue in full force and effect.

SIGNATURE PAGE FOLLOWS

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

SEE ATTACHED

(If additional space is needed, attach pages the same size as this sheet, and number each.)

SECTION ONE. Legislative Intent. The legislative intent of the Town Board of the Town of Canandaigua in enacting the following amendments to Town Code is to preserve and protect the sensitive environment of steep slope areas in the Town of Canandaigua, and to regulate land use within these areas in a manner which protects the public interest by minimizing detrimental effects of disturbance and development to steep slope areas.

SECTION TWO. The following section shall be added to Town of Canandaigua Town Code Chapter 220, immediately after §220-7 (Applicability of Regulations), and immediately preceding §220-9 (Regulations Applicable to All Districts):

§ 220-8 Town of Canandaigua Steep Slope Protection Law

§ 220-8 Steep Slope Protection Law

A. PURPOSE: The purpose of this Steep Slope Protection Law is to conserve the sensitive environment of steep slope areas, and to regulate land use within these areas in a manner which protects the public interest by minimizing detrimental effects of disturbance and development to steep slopes by:

(1) Providing for the reasonable use of steep slopes while ensuring development will not induce soil erosion, require excessive grading, increase slope instability, increase stormwater runoff, contaminate surface waters or create sewage treatment problems.

(2) Guarding against property damage and personal injury;

(3) Minimizing the potential for erosion, slope failure, stream siltation, increased storm water runoff, flooding, contamination of surface waters; and protecting the water quality of Canandaigua Lake and other downstream bodies of water.

(4) Conserving existing steep slope woodlands for air and water quality benefits and the preservation of wildlife habitats.

B. STEEP SLOPE PROTECTION AREAS (SSPA)

(1) The Steep Slope Protection Areas shall include all lands having slopes 15% or greater.

(2) Steep Slope Protection Areas are further categorized as:

(a) Moderately Steep: 15% to <25% slope (Zone A),

(b) Very Steep: 25% to < 40% slope (Zone B), and

(c) Extremely Steep: 40% or greater slope Zone C).

C. ACTIVITIES WITHIN A STEEP SLOPE PROTECTION AREA REQUIRING SITE PLAN REVIEW

(1) The following activities require site plan approval through the Town of Canandaigua Planning Board, pursuant to Section 220-64, when located in a SSPA except where specifically exempt in section 220-8(D)(2):

(a) **Zone A (moderately steep)**: 500 square feet or greater of disturbance within 2000 feet horizontal distance from the mean high water mark of Canandaigua Lake.

(b) **Zone B (very steep)**: 500 square feet or greater of disturbance within 100 feet horizontal distance from any open water course.

(c) **Zone C (extremely steep)**: 2,000 square feet or greater of disturbance occurring beyond the horizontal distance stipulations in Zones A and B above.

(d) **All Zones**: Any prohibited use or activity, as specified in Section 220-8(E) that would create a disturbance of less than 500 square feet.

(2) The following activities are exempt from the site plan approval required for SSPA:

(a) Soil cultivation for agricultural purposes.

(b) Wildlife sanctuary, woodland preserve, and similar passive park and recreation activities.

(3) All soil disturbance that occurs on a site within two (2) years shall be used to calculate the total amount of disturbance.

D. PERMITTED AND PROHIBITED USES AND ACTIVITIES WITH A SSPA

(1) Moderately Steep Slopes (15% to < 25%)

(a) Permitted Uses and Activities on Moderately Steep Slopes (15% to < 25%): all permitted uses allowed in the underlying zoning district

except for those uses and activities prohibited in Section 220-8(E)(1)(b) and not prohibited by any other Town Law are allowed within this slope category.

(b) Prohibited Uses and Activities on Moderately Steep Slopes (15% to < 25%): The following uses and activities are specifically prohibited on Moderately Steep Slopes if the disturbance is 500 square feet or greater:

[1] Removal of existing ground cover and root systems except when related to a permitted use.

[2] Solid waste disposal, recycling uses, junkyards, or other similar outdoor storage use.

[3] Installation of an accessory structure that requires greater than 4,000 square feet of disturbance.

(2) Very Steep Slopes (25% to < 40%)

(a) Permitted Uses and Activities on Very Steep Slopes (25% to < 40%): The following uses and activities are permitted within this category provided that each use or activity is in compliance with the regulations of the underlying district and is not prohibited by any other Town Law.

[1] One single-family residence with attached or detached garage.

[2] One driveway to serve the residence and garage (Driveways must comply with the Town Private Driveways and Private Roads Law as well as the Town Site Design Criteria).

[3] Trams and/or stairs as may be needed to access another elevation on the property.

[4] Onsite wastewater treatment system. This must first be reviewed for location viability by local authorities, followed by design approval by the Watershed Inspector, DEC and/or the New York State Department of Health.

[5] Utility transmission lines and aboveground utility line structures unless upon petition of a public utility corporation, the New York State Public Utility Commission shall, after public hearing, decide that the presence of such proposed lines or structures in

question is not reasonably necessary for the convenience or welfare of the public.

[6] New or expanded paths developed specifically for golf carts, ATV's or other similar small vehicles- maximum path width to be six feet.

[7] Detached accessory structures.

[8] Those uses and activities otherwise prohibited by Section 220-8(E)(2)(b) but whose disturbance is less than 500 square feet.

(b) Prohibited Uses and Activities on Very Steep Slopes (25% to < 40%): If the disturbance in this slope category is 500 square feet or greater, the following uses and activities are specifically prohibited:

[1] All items prohibited on Moderately Steep Slopes.

[2] All terraced landscaping, with or without retaining walls, not directly required to construct items listed under Section 220-8(E)(2)(a).

[3] Resource extraction uses.

[4] Storm water retention basins.

[5] Installation of an accessory structure that requires greater than **2,000** square feet of disturbance.

(3) Extremely Steep Slopes of 40% or More

(a) Permitted Uses and Activities on Extremely Steep Slopes of 40% or More: The following uses and activities are permitted within this category provided that each use or activity is in compliance with the regulations of the underlying district and is not prohibited by any other Town Law:

[1] The construction of new stairs and/or new tramways as required for access to an allowable building site, existing residence, elevation change on the property or to the water front for lakeside property.

[2] Replacement of existing structures, stairs or tramways, all to be within the same footprint, that are currently on the property.

[3] The construction of roadside parking via retaining wall system if approved by the Town/County Highway Department or the Department of Transportation, whichever has jurisdiction.

[4] Installation of structures, to include access, that requires less than 500 square feet of disturbance.

[5] Those uses and activities otherwise prohibited by Section 220-8(E)(3)(b) but whose disturbance is less than 500 square feet.

(b) Prohibited Uses and Activities on Extremely Steep Slopes (40% or Greater): All uses or construction activities, other than those set forth in Section 220-8(E)(3)(a) that require 500 square feet of disturbance or greater are prohibited.

E. GENERAL REGULATIONS

(1) Any development proposed on a steep slope shall be designed to work with the natural elements of the site, locating the proposed improvements in such a manner as to minimize-disturbance, cut and fill operations, tree removal, and alterations to natural drainage. The applicant must provide the Development Office with documentation that the improvements were designed to fit the existing natural elements of the site, rather than making the site fit the development goals of the landowner as part of the site plan review process. In any project with cut and fill operations, the applicant shall prove to the Planning Board that there was no other alternative to cut and fill to develop the site and that cut and fill has been minimized. The Town of Canandaigua Development Office will provide steep slope site design examples to applicants.

(2) All single-family residential land-disturbing activities in steep slope protection areas, including but not limited to clearing, grading, excavation, building construction, construction of driveways and roads, cutting, and filling, shall be limited to the minimum land area necessary to accommodate the proposed use or activity, and shall in no case be greater than 15,000 square feet plus land necessary for driveway access and an on-site wastewater treatment system.

(3) Changes to the natural grade of any steep slope area shall be minimized. Any changes to the natural grade of the site shall meet the following criteria:

(a) The original, natural grade of a lot shall not be raised or lowered more than four feet at any point for the construction of any structure or improvements, except that:

[1] The original grade of a lot may be raised or lowered a maximum of eight feet if retaining walls are used to reduce the steepness of man-made slopes, provided that the retaining walls comply with the requirements of this Section 220-8(F)(4).

(b) The maximum limit of cut and fill operations is **1,000** cubic yards per 10,000 square feet of disturbance.

(c) The natural grade shall not be raised or lowered more than 2 feet within the required setback for structures. The setback distances are described in Chapter 220: Zoning, Schedule I.

(d) The finished slope of all cuts or fills for any site work in areas where only vegetation is proposed to prevent erosion shall not exceed a slope of one vertical to two horizontal (50% grade or 26.5 degrees of angle) without a retaining wall or other similar structural stabilization.

(4) Any new or existing retaining wall higher than three feet above finished grade incorporated into the proposed project design requires the evaluation of a New York Professional Engineer as to its structural integrity and written direction and certification as to its use.

(5) To further protect steep slope areas, lot coverage in Steep Slope Protection Areas shall be reduced to 90% of the allowable lot coverage for the underlying zoning district.

(6) The alignment of private roads and driveways in steep slope areas shall follow the natural topography and minimize re-grading. The maximum grade of driveways shall not exceed 10% or the current specifications in the Town of Canandaigua Site Design and Development Criteria (Section 2.12), whichever is less.

(7) If a permanent driveway cannot be legally built to serve the residence or other improvement, no temporary construction road/driveway may be permitted in steep slope areas.

(8) All development projects that disturb greater than **5,000** square feet of steep slope areas in Zones A and B, and **15,000** square feet of steep slope areas in Zone C shall be required to provide for water quality treatment up to the (1) one

year storm event and provide for a net-zero increase in the peak runoff flow rate for the following storm events: one (1) year, ten (10) year, twenty-five (25) year and one hundred (100) year storms. The engineer will complete both the Rational Method and TR55 method of calculating peak flows and the greater of the two calculated peak flows will be used.

(9) From October 15th until April 1st, disturbed land areas in steep slope areas that are not worked for three (3) days shall not be left bare or exposed. Approved temporary or permanent protective straw mulch and/or erosion control blankets shall cover these disturbed areas to provide stabilization. From April 1st until October 15th disturbed land areas that are not worked for five (5) days shall not be left bare or exposed. Approved temporary or permanent seeding along with protective straw mulch and/or erosion control blankets must cover these disturbed areas. All seeding, straw mulching and erosion control blankets shall meet the installation methods and quantities as stated in the New York State Standards and Specifications for Erosion and Sediment Control.

(10) Rolled Erosion Control products shall be used to stabilize slopes that exceed slopes of 25%.

(11) Trees with a Diameter Breast Height (DBH) of 6 inches or greater within twenty (20) feet of the mean high water mark of Canandaigua Lake, within twenty (20) feet of the top of slope of the shoreline cliff area or twenty feet from the toe of a gully shall not be removed unless they are deemed unhealthy or a safety hazard by a certified arborist or equivalent. Enhancing lake views can be done through a combination of canopy reduction and selective thinning without substantial tree removal at the top of the shoreline cliff area. Tree removal may be allowed in the gully zone for the purposes of traversing a gully via a bridge or culvert structure to access another portion of the property.

F. BURDEN OF PROOF

(1) The applicant shall in all cases have the burden of proof of demonstrating that the proposed activity is fully consistent with the standards for approval set forth in Section 220-8.

G. STEEP SLOPE PROTECTION AREA REVIEW PROCESS

(1) Steep Slope Protection Area Application: The Steep Slope Protection Area Review Process will follow the Town of Canandaigua Site Plan Regulations (Chapter 220 Article VII), in addition to the following criteria:

DISTURBANCE - The removal of vegetation, any and all excavation (including but not limited to the use of motorized machinery on soil), grading, filling, removal of soil or rock, demolition of existing structures, access created for construction purposes, drilling, trenching, benching, terracing, backfilling, storm and erosion control work, embankment stabilization, installation or construction of catch basins, culvert piping, swales, ditches, rip rap, construction entrances, driveways (including shared), retaining walls or improvements of a similar nature, utility work, placing or filling soil on top of the natural vegetative cover and the conditions resulting from any of such activities.

EXTRACTIVE USE - The removal of any soil, gravel, natural gas or other earth generated material from a property with the intent to sell or reuse. Site work performed via building permit in preparation for property improvements, where earth generated materials are removed off site incidental to construction activities, shall not be deemed an extractive use.

FILLING- Any activity which deposits natural or artificial material so as to modify the surface or subsurface conditions of land, lakes, ponds or watercourses.

GRADING - The alteration of the surface or subsurface conditions of land, lakes, ponds or watercourses by excavation or filling.

RESTORATION – The re-establishment of the grade, slope, stability, vegetation, or drainage system of a property in a steep slope area that has suffered a disturbance by restoring the property back to substantially the same condition as existed prior to a disturbance.

SHORELINE CLIFF AREA - slopes exceeding 45 degrees with a vertical height of 20 feet or greater measured from the first substantial toe of slope adjacent to Canandaigua Lake

STABILIZED - A condition where a ground surface that has suffered a disturbance or been modified has received appropriate surface treatment, including structural cover or topsoil, seeding, mulching, geo-textile or erosion control matting (as applicable), to prevent erosion and sedimentation from occurring. In general, an area is considered "stabilized" when vegetative cover has exceeded 80% density coverage over that disturbed area or straw mulch has been applied and maintained at a rate of 2 tons per acre.

STEEP SLOPE – Any area of land having a slope of 15% or greater

STEEP SLOPE PROTECTION AREA (SSPA) – Those areas of land having slopes 15% or greater.

STORM WATER RUNOFF - The portion of precipitation that flows overland as a result of rain or due to melted snow and ice.

SUBGRADE – The finished surface elevation achieved after removing organic surface material, followed by any necessary cut or fill activity, but prior to installing base and surface treatments.

TOP OF SLOPE- the first substantial slope change on the upper portion of the shoreline cliff area that decreases the slope below 100%.

TREE REMOVAL – Cutting down a tree, or the effective destruction of a tree through intentional damaging, poisoning, or other action resulting in the death of a tree.

VEGETATIVE PROTECTION - Stabilization of erosive or sediment producing areas by covering the soil with:

- Permanent seeding, producing long-term vegetative cover,
- Short-term seeding, producing temporary vegetative cover, or
- Sodding, which is the placement of cultivated sod onto prepared topsoil to promote rapid soil stabilization.

SECTION FOUR. The definition of WATERCOURSE in Town Code §1-17 shall be replaced in its entirety with the following:

WATERCOURSE – A permanent or intermittent stream or other body of water, either natural or artificial, which gathers or carries surface water. A watercourse contains a discernible channel, bed, and/or banks and flows in a particular direction.

SECTION FIVE. Severability. If any clause, sentence, paragraph, section, or part of this local law or the application thereof to any person, firm, corporation, or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not effect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part of this local law or in its application to the person, individual, firm, corporation, or circumstance directly involved in the controversy in which such judgment or order shall be rendered.

SECTION SIX. Effective Date. This local law shall take effect immediately upon filing with the Secretary of State of the State of New York.

(Complete the certification in the paragraph that applies to the filing of this local law and strike out that which is not applicable.)

1. (Final adoption by local legislative body only.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20 16 of the (County)(City)(Town)(Village) of CANANDAIGUA was duly passed by the TOWN BOARD on _____ 20 16, in accordance with the applicable
(Name of Legislative Body)
provisions of law.

2. (Passage by local legislative body with approval, no disapproval or repassage after disapproval by the Elective Chief Executive Officer*.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20_____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20_____, and was (approved)(not approved)
(Name of Legislative Body)
(repassed after disapproval) by the _____ and was deemed duly adopted
(Elective Chief Executive Officer)*
on _____ 20[ ][ ], in accordance w ith the applicable provisions of law.

3. (Final adoption by referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20_____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20_____, and was (approved)(not approved)
(Name of Legislative Body)
(repassed after disapproval) by the _____ on _____ 20_____.
(Elective Chief Executive Officer)*

Such local law was submitted to the people by reason of a (mandatory)(permissive) referendum, and received the affirmative vote of a majority of the qualified electors voting thereon at the (general)(special)(annual) election held on _____ 20_____, in accordance with the applicable provisions of law.

4. (Subject to permissive referendum and final adoption because no valid petition was filed requesting referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20_____ of the (County)(City)(Town)(Village) of _____ was duly passed by the _____ on _____ 20_____, and was (approved)(not approved)
(Name of Legislative Body)
(repassed after disapproval) by the _____ on _____ 20_____. Such local law was subject to permissive referendum and no valid petition requesting such referendum was filed as of _____ 20_____, in accordance with the applicable provisions of law.
(Elective Chief Executive Officer)*

* Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is vested with the power to approve or veto local laws or ordinances.

5. (City local law concerning Charter revision proposed by petition.)
I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20_____ of the City of _____ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on _____ 20_____, became operative.

6. (County local law concerning adoption of Charter.)
I hereby certify that the local law annexed hereto, designated as local law No. _____ of 20_____ of the County of _____State of New York, having been submitted to the electors at the General Election of November _____ 20_____, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

(If any other authorized form of final adoption has been followed, please provide an appropriate certification.)
I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph _____ above.

_____
Clerk of the county legislative body, City, Town or Village Clerk or officer designated by local legislative body

INDEPENDENT AUDITORS' REPORT

Board of Directors
Cheshire Volunteer Fire Department, Inc.

We have audited the accompanying financial statements of Cheshire Volunteer Fire Department, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 28, 2015, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cheshire Volunteer Fire Department, Inc., as of February 28, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Davis Kaplan, CPA, P.C.

	(2,829,873)
Cash flows from financing activities	
Proceeds from note payable	1,600,000
Proceeds from capital lease obligation	900,000
	2,500,000
Net increase in cash	172,859
Cash, beginning of year	106,327
Cash, end of year	$ 279,186

The accompanying Notes to Financial Statements
are an integral part of this statement.

1. Description of Organization

Cheshire Volunteer Fire Department, Inc. (the Organization) is a not-for-profit organization exempt from federal income tax under Section 501(c)(4) of the Internal Revenue Code. The Organization's purpose is to provide the community with first responders and firemen for emergencies. The Organization's primary sources of support are derived from government agencies in Canandaigua, New York and the surrounding areas.

2. Summary of Significant Accounting Policies

Financial statement presentation

The Organization utilizes Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities.* Under FASB ASC Topic 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets (unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets) based upon the existence or absence of donor-imposed restrictions.

In accordance with FASB ASC Topic 958, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents include certificates of deposit and all highly liquid investments with a maturity of three months or less. The Organization maintains cash and cash equivalents at financial institutions which periodically may exceed federally insured limits.

Contracts receivable

The Company considers contracts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when the determination is made.

2. **Summary of Significant Accounting Policies** (Continued)

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met, either by passage of time or by use, in the reporting period in which the income and gains are recognized.

The Organization accounts for investments in accordance with FASB ASC Topic 820, *Fair Value Measurements and Disclosures*. FASB ASC Topic 820 includes a fair value hierarchy that is intended to increase consistency and comparability in fair value measurements and related disclosures. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable. Observable inputs reflect assumptions market participants would use in pricing an asset or liability based on market data obtained from independent sources, while unobservable inputs reflect a reporting entity's pricing based upon their own market assumptions.

The fair value hierarchy consists of the following three levels:

Level 1: Inputs are quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs are quoted prices for similar assets in markets that are not active, inputs other than quoted prices that are observable, and market corroborated inputs which are derived principally from or corroborated by observable market data.

Level 3: Inputs are derived from valuation techniques in which one or more significant inputs or value drivers are observable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. **Summary of Significant Accounting Policies** (Continued)

Property, plant and equipment

Property is recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets, which range from five to thirty-nine years.

Maintenance and repairs on owned equipment are charged to income as incurred; renewals and betterments are capitalized. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected in operations for the period.

Income taxes

The Organization is exempt from federal income taxes under Section 501(c)(4) of the Internal Revenue Code and application of state law.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Organization and various positions related to the potential sources of unrelated business taxable income (UBIT). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for fiscal year 2015.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions which have any restrictions satisfied in the same period they are received are recorded as increases in net assets and are reflected as unrestricted.

Functional allocation of expenses

The costs of providing program services, fund raising and administrative functions have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated based upon management estimates.

Management's review of subsequent events

The Organization evaluated events occurring between the end of the most recent fiscal year and November 30, 2015, the date the financial statements were available to be issued.

3. Investments

Investments are recorded at fair value based on quoted prices in active markets and consist of the following as of February 28:

Investments:	
Mutual funds	$ 278,759

All of the Organization's investments are measured using Level 1 inputs (Note 2). There were no investments measured using Level 2 and 3 inputs. There were no transfers between categories during the year ended February 28, 2015.

Investment income consists of the following:

Dividends	$ 4,881
Interest	1,206
Capital gain distributions	1,292
	7,379
Unrealized gain on investments	6,732
	$ 14,111

4. Property, plant and equipment

Property, plant and equipment consists of the following:

Land	$ 139,661
Buildings	3,671,004
Machinery and equipment	1,992,640
	5,803,305
Less: Accumulated depreciation	1,460,375
	$4,342,930

5. Note Payable

Note payable consists of the following at February 28:

Note payable to a bank, due in annual principal installments of $80,000 starting July, 2015. Semi-annual interest payments started July, 2014 at a rate of 2.75%. Payments are based on a ten-year amortization schedule with the remaining unpaid principal and accrued interest on the note due in a balloon payment. The note is collateralized by the related building. As of February 28, 2015, the Company was in compliance with the covenants.	$1,600,000
Less: Current portion	80,000
	$1,520,000

The aggregate maturities of all long-term debt as of February 28, 2015 are as follows:

Year	Amount
2016	$ 80,000
2017	80,000
2018	80,000
2019	80,000
2020	80,000
Thereafter	1,200,000
	$1,600,000

6. Obligations Under Capital Lease

The Company has entered into a capital lease agreement for the acquisition of equipment. The lease requires annual payments of $106,858 annually and expires in July, 2024.

The following is a summary of equipment held under capital lease:

Equipment	$ 819,670
Less: Accumulated amortization	23,263
	$ 796,407

6. **Obligations Under Capital Lease** (Continued)

The following is a schedule of future minimum lease payments under the capital lease together with the present value of the net minimum lease payments as of February 28, 2015:

Year	Amount
2016	$ 106,858
2017	106,858
2018	106,858
2019	106,858
2020	106,858
Thereafter	534,290
	1,068,580
Less: Amounts representing interest (3.25%)	168,580
Present value of minimum lease payments	900,000
Less: Current portion of capital lease obligations	77,608
Capital lease obligations, net of current portion	$ 822,392

eWASTE ALLIANCE NETWORK ELECTRONICS RECYCLING SERVICE AGREEMENT

DESCRIPTION OF SERVICES. Client grants to Regional Computer Recycling & Recovery (Contractor) the exclusive right to collect and recycle all of Client's New York State designated Covered Electronic Equipment (CEE). Contractor agrees to provide electronics recycling services in compliance with the New York State Electronics Recycling & Reuse Act. (Recycling Services) *Note: Some services, such as certified hard drive data destruction, are not part of this agreement, and require a separate contract with a specific schedule of services.

TERM. Term of this Agreement shall be for twelve months from effective date of service, and shall be automatically renewed for twelve months thereafter. Either party may terminate on thirty (30) days written notice at any time.

PRICING. Client shall pay Contractor $0.25 per lb. handling fee for all devices containing a Cathode Ray Tube (CRT). Contractor agrees to collect all other New York State designated Covered Electronic Equipment (CEE) at no cost to Client.

RATE ADJUSTMENTS. Pricing is based on the existing CRT market, as well as manufacturer funding through the New York State Electronics Recycling & Reuse Act. The current CRT handling fee is subject to change during the term of this agreement. All price increases will be based on increased CRT handling costs incurred by Contractor. Client agrees accept all price adjustments during the term of this agreement.

RELEASE FROM LIABILITY. Client recognizes that Contractor may be on file as the Electronics Recycler of Record. In the event that the Client chooses to terminate this agreement, the Client agrees to provide documentation releasing Contractor from any and all (past or future) liability for improper disposal of electronic equipment.

TITLE TO PROPERTY. Upon receipt Contractor takes title and ownership of all equipment.

ASSIGNMENT AND BENEFIT. This Agreement shall not be effected by any changes in the Client's service address if such new address is located within Contractor's service area. This Agreement shall be binding on the parties and their successors and assigns.

LOSS AGREEMENT. By mutual agreement Contractor may drop off at Client site various containers. In the event of loss or damage, client agrees to pay RCR & R $300 for Blue Bins, $50 for Gaylord Boxes, $5 for Battery Buckets, and $25 for Pallets as a replacement cost.

PAVEMENT AND SURFACE AREAS. Client warrants that any right of way provided by the Client for the performance of Contractor's services to be the most convenient public way and sufficient to bear the weight of all Contractor equipment and vehicles reasonably required. Contractor shall not be responsible for damage to any private pavement or the surface of any route reasonably necessary to perform the services herein contracted and Client assumes all liabilities for such damage.

INSURANCE RCR&R agrees to maintain all standard business insurance coverage.

ACCESS AND SERVICE CANCELLATION. Client agrees to provide unobstructed access to the equipment on the collection day. If the material is inaccessible, or for any reason, the scheduled pick up cannot be made, Client agrees to notify Contractor as soon as possible but no later than 48 hours prior to scheduled pick-up date. Failure by Client to provide reasonable notice may result in a rescheduling fee.

EXCUSED PERFORMANCE. Neither party shall be liable for its failure to perform or delay in performance hereunder due to contingencies beyond its reasonable control including, but not limited to, strikes, riots, compliance with government orders, inability to get to container, fires and acts of God and such failure shall not constitute Default.

SPECIAL HANDLING. Certain materials may require fees, special handling, removal or preparation for disposal by the client, e.g. certain batteries, fluorescent lamps, tonerltoner cartridges in copiers and printers, and any hazardous liquids from medical equipment.

NO CONTAMINATED PRODUCTS: The Recycling Services are not intended for products that are or have become contaminated or suspected of being contaminated with chemicals, biological agents, or any other "hazardous material" as defined by the United States Environmental Protection Agency, or other substances that are not integral to the original new equipment or otherwise associated with normal office or household environments. Electronic Equipment that may be contaminated must be decontaminated prior to their delivery to us. We reserve the right to refuse to accept certain Electronic Equipment. All decontaminated equipment must be clearly identified by client. Title to and liability for any equipment excluded above shall remain with Client and Client expressly agrees to defend, indemnify and hold Contractor harmless from any and all damages and liabilities resulting from such equipment excluded above.

REPORTING. Final consolidations are determined at Contractor's processing facility. Applicable forms such as Certificates of Recycling, Certificates of Destruction, State Compliance, or Consolidation Reports are issued with billing.

[redacted]

RCR & R has provided, or will provide the services above, and I have read the Service Agreement, fully understand its terms, and have authority to sign on behalf of Client named.

eWaste Alliance Network Electronics Recycling Service Agreement

Addendum

This document is in reference to the eWaste Alliance Network Electronics Recycling Service Agreement dated, 01 / 01 / 2016 between Regional Computer Recycling & Recovery (Contractor) and the Town of Canandaigua (Client).

May it be known that the undersigned parties, for good consideration, do hereby agree to make the following changes and / or additions that are outlined below. These additions shall be made valid as if they are included in the original stated contract.

Stated Contract for:

Rate Adjustments. If the current CRT handling fee is changed during the term of this agreement, a new Service Agreement shall be issued by the Contractor.

Release from Liability. In the event that the Client chooses to terminate this agreement, the Client agrees to provide documentation releasing Contractor from any and all future liability for improper disposal of electronic equipment. Documentation will not release Contractor from any and all past liability for improper disposal of electronic equipment.

No other terms or conditions of the above mentioned contract shall be negated or changed as a result of this here stated addendum.

INDEPENDENT CONTRACTOR
SUPPLEMENTAL TERMS AND CONDITIONS

These Supplemental Terms and Conditions ("Terms and Conditions") are required to be incorporated into any agreement between the Town of Canandaigua ("Town") and any Independent Contractor ("IC") providing services and/or work to the Town (collectively, "Services"). The Terms and Conditions herein shall supersede any other inconsistent terms between the Town and the IC.

1. Payment Terms

   A. Any and all requests for payments for Services shall be submitted to the Town Clerk in writing and shall be certified as true and correct. Payment is subject to approval by the Town at its next regular Town Board meeting and no late charges, penalties, and/or interest may be assess by the IC against the Town until the Town has approved payment to the IC.
   B. The maximum liability of the Town shall in no case exceed the maximum amount appropriated by the Town for the Services.

2. Ownership of Work Product

   All work product, including records in any medium, compiled and/or prepared by the IC in the delivery of Services to the Town (collectively, "Work Product"), shall become and remain the property of the Town. IC shall not, by virtue of the Services to the Town have or obtain any right, title or interest in or to such Work Product, and shall have no right to disclose, use, and/or exploit such Work Product, except that IC may maintain a copy of the Work Product for purposes of maintaining its business records.

3. Assignment and/or Subcontract

   IC is prohibited from assigning any and/or all of its rights under any agreement with the Town without the prior express written consent of the Town. IC is prohibited from subcontracting any part of the Services without the prior written consent of the Town. In the event that the Town consents to an assignment and/or subcontract, all Services received by

the Town shall be deemed performed by the IC and IC shall remain primarily responsible for the Services provided to the Town.

4. Absence of Conflicts of Interest

   IC agrees that it has no interest and will not acquire any interest, direct or indirect, that would conflict in any manner or degree with the Services provided to the Town.

5. Status as Independent Contractor

   IC expressly understands and agrees that it is and shall in all respects be considered an independent contractor, and IC, its employees, partners, associates, subcontractors, sub-consultants, and any others employed by it, are not and shall not hold themselves out nor claim to be an officer or employee of the Town, nor make claim to any rights accruing thereto, including but not limited to Workers Compensation, Unemployment Benefits, Social Security or retirement plan membership or credit. IC shall comply, at its own expense, with the requirements of all federal, state, and local laws, rules and regulations applicable to it as an employer of labor or otherwise. IC shall further comply with all rules, regulations and licensing requirements pertaining to its professional status, if any, and that of its employees, partners, associates, and subcontractors.

6. Non-Discrimination

   IC represents that in the hiring of employees for the Services, neither IC, nor any contractor, subcontractor, nor any person acting on behalf of IC, shall be reason of race, creed, color, sex, age, physical disability or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the Services. IC further represents that neither IC, nor any contractor, subcontractor, nor any person on its behalf shall, in any manner, discriminate against or intimidate any employee hired for the Services on account of race, creed, color, sex, age, physical disability or national origin.

7. Indemnification / Hold Harmless

   IC agrees to the fullest extent of the law, that except for the amount, if any, of damage contributed to, caused by or resulting from the negligence of the Town, IC shall indemnify and hold harmless the Town, its officers, employees and agents from and against any and all liability, damage, claims, demands, costs, judgments fees, attorneys' fees or loss arising directly or indirectly out of the negligent acts or omissions hereunder by IC or third parties under the direction or control of the IC. IC further agrees to provide defense for and defend, at is sole expense, any and all claims, demands or causes of action directly or indirectly arising out of the acts or omissions of the IC and to bear all other costs and expenses related thereto.

8. Notices

All notices of any nature shall be in writing and sent by registered or certified mail postage pre-paid to each party as follows:

Town of Canandaigua

Canandaigua Town Clerk
Canandaigua Town Hall
5440 Routes 5 & 20 West
Canandaigua NY 14424

Independent Contractor

Regional Computer Recycling & Recovery, LLC.
7518 Victor-Mendon Rd.
Victor, NY, 14564

9. Termination

The Town reserves the absolute right to terminate the Services upon thirty (30) days written notice to the IC.

10. Insurance

The IC shall deliver a certificate of general liability insurance, errors and omissions insurance, or professional liability insurance, as the case may be, ("Liability Insurance"), with a limit amount no less than $1,000,000.00 per occurrence, and naming the Town as the Certificate Holder. IC agrees to maintain the Liability Insurance in full force and effect until the completion of the Services.

_____ Liability Insurance requirement waived (Consent from the Town's insurance carrier must be obtained prior to granting a waiver absent an emergency).

_____ Modification of limit amount to $_____ (Consent from the Town's insurance carrier must be obtained prior to a modification absent an emergency).

IC shall also deliver to the Town proof that IC maintains Worker's Compensation Coverage.

INTERMUNICIPAL AGREEMENT

THIS AGREEMENT, entered into pursuant to Article 5-G of the General Municipal Law, is made and entered into this _____ day of _____, 2016, between the TOWN OF FARMINGTON, a municipal subdivision of the State of New York with its main office at 1000 County Road 8, in the Town of Farmington, New York ("Farmington") and the TOWN OF CANANDAIGUA, a municipal subdivision of the State of New York with its main office at 5440 Routes 5 and 20 West, in the Town of Canandaigua, New York ("Canandaigua").

WHEREAS, the Canandaigua – Farmington Townline Road ("Highway") is a Town Highway, which includes both the paved driving lanes as well as areas on either side of the paved driving lanes that are within the Highway right-of-way boundaries, the centerline of which is the boundary line dividing the Towns of Farmington and Canandaigua with Farmington to the north and Canandaigua to the south; and

WHEREAS, the past practice of the Towns has been to allocate responsibility for snow removal, maintenance, and repairs of the Highway with Farmington responsible for both sides of the Highway from the centerline of County Road 8 east to County Road 28 and with Canandaigua responsible for both sides of the Highway from the centerline of County Road 8 west to New Michigan Road; and

WHEREAS, due to recent development along and around the Highway, the Towns are desirous of entering into an agreement to set forth how the Towns will share expenses for the Highway going forward; and

NOW, THEREFORE, Farmington and Canandaigua hereby agree as follows:

1. For purposes of this Agreement, "Maintenance and Repairs" shall mean the following:

   a. Snow and ice removal;
   b. Sanding and/or salting;
   c. Cleaning ditches, sluices and culverts and causing drainage channels to be kept open;
   d. Cleaning and replacing crossover pipes;
   e. Scraping, cutting and adding material to the shoulders;
   f. Wedging pavement edges;
   g. Micro / thin lift surface treatments as required;
   h. Chip seals or 1-2" hot mix asphalt overlays as required;
   i. Fixing potholes;
   j. Roadside mowing;
   k. Roadside tree and shrub maintenance;
   l. Clearing and/or picking up dead animals and other obstructions on the Highway;
   m. Installation and maintenance of traffic control signs and/or signals;
   n. Performing any inspections and preparing any reports required by NYS law; and
   o. Any other maintenance, repair or servicing of the Highway, any improvement therein or any bridge thereupon, the cost of which does not exceed $150,000 for any project.

2. For purposes of this Agreement, "Capital Projects" shall mean projects that typically exceed in cost a job categorized under Maintenance and Repairs and shall mean the following:

a. The construction or reconstruction of all or any part of the Highway;
b. The construction or reconstruction of all or any part of a drainage system within the Highway;
c. Any work on the Highway costing in excess of $150,000 per project that could be included in the definition of Maintenance and Repairs or that is not specifically included in the definition of Maintenance and Repairs or Capital Projects.
d. Any preliminary studies, plans, designs and surveys relative to the other Capital Projects listed above.

3. The construction, reconstruction, maintenance, repair and replacement, and the costs associated therewith, of any water district improvements, sewer district improvements, sidewalks, trails and lighting fixtures located within the Highway, whether now existing or installed after this Agreement is executed, shall be and remain the sole responsibility of the Town that owns such improvements, either for itself or on behalf of a special district, or is otherwise responsible for them. These improvements shall not be subject to the terms of this Agreement.

4. Farmington shall be responsible for performing Maintenance and Repairs on both the Farmington and Canandaigua sides of the Highway from the centerline of County Road 8 going west to New York State Route 332, and for all costs associated therewith.

5. Canandaigua shall be responsible for performing Maintenance and Repairs on both the Farmington and Canandaigua sides of the Highway from the centerline of County Road 8 going east to County Road 28, and for all costs associated therewith.

6. The Towns have agreed on a proposal for reconstructing, in phases, the portion of the Highway from New York State Route 332 going west to New Michigan Road. Upon both Towns signing this Agreement, Canandaigua shall continue to be responsible for performing Maintenance and Repairs on both the Farmington and Canandaigua sides of the Highway from New York State Route 332 going west to New Michigan Road, and for all costs associated therewith. When Farmington's engineer determines that a particular reconstruction phase is complete and meets the New York State highway standards, Farmington shall assume responsibility for performing Maintenance and Repairs on both the Farmington and Canandaigua sides of the Highway within that completed phase, and for all costs associated therewith, with the understanding that, when all phases of this reconstruction are complete and meet the New York State highway standards, Farmington shall be responsible for performing Maintenance and Repairs on both the Farmington and Canandaigua sides of the Highway from New York State Route 332 going west to New Michigan Road, and for all costs associated therewith.

7. If the majority of a Capital Project will involve an area of the Highway from the centerline of County Road 8 going west to New Michigan Road, the Town of Farmington shall assume administrative responsibility relative to planning, joint public bidding and organizing the Capital Project and to initiating a coordinated review under the State Environmental Quality

Review Regulations. If the majority of a Capital Project will involve an area of the Highway from the centerline of County Road 8 going east to County Road 28, the Town of Canandaigua shall assume administrative responsibility relative to planning, joint public bidding and organizing the Capital Project and to initiating a coordinated review under the State Environmental Quality Review Regulations. Whichever Town assumes administrative responsibility on a Capital Project shall provide regular notices to the other Town relative to the status and other matters involving the Capital Project. No bid, no expenditure and no contract involving a Capital Project shall be accepted, awarded or effective until approved by both Farmington and Canandaigua.

8. Farmington and Canandaigua shall equally share in the expenses of all Capital Projects, without regard to the location on the Highway where such Capital Project takes place, and shall provide equal amounts of labor, equipment and materials needed for all Capital Projects. Where either Town provides more than half of the labor, equipment and materials for any Capital Project, the Town providing less than half shall compensate the other Town for the value of such labor, equipment and materials in an amount that will equalize the costs thereof.

9. If Farmington and Canandaigua together have insufficient Town labor crews or equipment to perform any Capital Project, the Towns may together request mutual aid from other municipalities and shall be equally responsible for the costs and liabilities related thereto.

10. All work hereunder shall be performed according to customary and approved New York State standards and in such manner as to accomplish the obligation imposed upon each Town with respect to highway construction, reconstruction, maintenance, repair and oversight.

11. Both parties agree to provide notification to the other, not later than the submission date for a preliminary town budget, of their intent to fund their share of the costs associated with engineering design plans for the coming year.

12. Each Town shall immediately transmit in writing to the Town Clerk of the other Town, but no later than two (2) business days after receipt thereof, any written notice received regarding any unsafe, dangerous or obstructed condition of the Highway, and the Town responsible for the applicable portion of the Highway shall take any necessary corrective action with respect thereto as soon as possible.

13. Both parties, at their own expense, do hereby covenant and agree to indemnify and keep indemnified and save harmless the other party, its officers, Boards, employees, servants, contractors and agents from any and all fines, fees, penalties, attorney's fees, liabilities, judgments, costs, claims, causes of action, damages and expense arising out of such party's negligence, recklessness or intentional acts in performance of such work, labor or services by such party, its officers, Boards, employees, servants, contractors and agents under this Agreement, PROVIDING, however, that timely notice shall be given to such party of any claim, action or proceeding which may be filed or commenced against the other party by reason of the performance of such work.

14. Both Towns agree to obtain and maintain in full force and effect during the term of this Agreement, including any renewal term, the following insurances, naming the other Town as additional insured: General Commercial Liability Coverage with initial minimum limits of $2 million per occurrence, and in no event lower than each Town requires from any vendor; and Worker's Compensation Coverage. Subcontractors must also satisfy these minimum insurance requirements.

15. Each Town agrees that its status while performing services pursuant to this Agreement is that of an independent contractor and the Town, its employees and/or agents will neither hold themselves out as, nor claim to be, officers or employees of the other Town in any matter, including, but not limited to Workers' Compensation, Unemployment Insurance benefits, Social Security or retirement membership or credit.

16. The term of this Agreement shall be from _____, 2016 through December 31, 2016. However, this Agreement shall automatically renew for additional one-year terms unless either party hereto provides written notice to the other party at least 90 days prior to the end of the term or of any renewal term.

17. Any and all notices and payments required hereunder shall be addressed as follows:

Town of Farmington
c/o Town Clerk
1000 County Road 8
Farmington, New York 14425

Town of Canandaigua
c/o Town Clerk
5440 Routes 5 and 20 West
Canandaigua, New York 14424

18. No waiver of any breach of any condition of the Agreement shall be binding unless the same shall be in writing and signed by the party waiving the said breach. No such waiver shall in anywise affect any other term or condition of this Agreement or constitute a cause or excuse for a repetition of such or any other breach unless the waiver shall include the same.

19. This Agreement constitutes the complete understanding of the parties. No modification of any provisions thereof shall be valid unless in writing and signed by both parties.

20. The Supervisors of Farmington and Canandaigua have executed this Agreement pursuant to Resolutions adopted by their respective Town Boards.

RE: PROPOSAL FOR PROFESSIONAL SERVICES
CANANDAIGUA – FARMINGTON TOWN LINE ROAD HIGHWAY IMPROVEMENTS 2016
TOWN OF CANANDAIGUA & FARMINGTON

Dear Supervisor Helming and Supervisor Ingalsbe:

The Towns of Farmington and Canandaigua have been in discussion for the last few years regarding the condition and improvements needed for Canandaigua-Farmington Town Line Road (CFTL Road). It has been noted that the road is a jointly owned road which is maintained by both Towns accordingly. In 2015, both Towns submitted a grant application together to the Genesee Transportation Council for a UPWP Grant for the purpose of conducting a feasibility study for the road redevelopment and developing a "Complete Streets Concept" for this major transportation corridor. Unfortunately, this UPWP grant was not selected for funding.

MRB has recently completed a concept plan for CFTL Road that will be considered by both boards for approval. This was completed in order to properly coordinate three primary projects all that are affected by each other in the CFTL corridor, and within both Townships. These three primary projects will serve both Towns once completed. They include the Auburn Trail project underway in both Towns, the Brickyard Road Transmission Main route also which is anticipated to service the Canandaigua-Farmington water districts located in

MRB | group

both Townships, and the actual reconstruction of a portion of Townline Road. An Inter-municipal agreement is also being finalized at this time for the maintenance of the joint owned road and is currently under review by both Town Boards.

Since the last review meeting that we attended related to the concept plan for CFTL road, survey of the highway corridor has been completed. The next step is to begin the preliminary design work that will coordinate the three projects referenced above. This effort is the first phase necessary to prepare for the road re-construction next year or thereafter. The intent is to provide a comprehensive design that meets the needs and/or goals of each project.

The road reconstruction project would consider CFTL Road west of NYS RT 322 to New Michigan Road, approximately 6,700 LF of road length. We are pleased to offer you the following proposal for the above referenced project and thank you once again for including MRB Group on your project team.

I. Background

It is our understanding that the CFTL Road project is anticipated to be scheduled for 2017 or 2018 construction and that the following represents the major work components, however also note that the scope of work of this proposal has been revised to reflect only the highway work that will be shared by the Towns:

A. <u>CFTL Road Culvert Improvements</u>
In one area, there is an existing structural plate steel culvert that is extremely short and represents a vehicle safety concern due to the resulting side slopes. Without bridge rail, the culvert should include a "recoverable slope". The culvert will need to be extended to accommodate a revised road cross section and vehicle safety. It is possible that the Town(s) may need additional ROW/Easement in this area for this work. In other areas, existing drainage tiles/culverts that currently cross CFTL road will be re-evaluated and replaced as necessary to provide proper drainage across CFTL road.

B. Road Cross Section Improvement

Conceptually, the potential highway corridor cross section would consist of (2) 11' lanes, (2) 5' paved shoulders, low profile curbing, and 5' sidewalk(s) in accordance with the Concept Plan. Additional typical road sections will be required to incorporate the numerous side streets on CFTL Road and the varying degree of fill section that the road is presently situated on. The road will be reconstructed with consideration given to the "Complete Streets" concept. This concept includes consideration to all potential street users including pedestrians (of all types and abilities), bicyclists, motorists, etc.

C. Mill/Overlay and Underdrains and Drainage Systems

The design of the highway improvements will include a drainage system and underdrains for the whole road and that the pavement will be treated as a Mill and Overlay. This is due to the assumed, relatively good condition of the road base. Based on the highway corridor revisions (widening), it will be necessary to shim portions of the road.

D. Watermain Transmission/Replacement

In conjunction with the re-construction of the road, it would be in the best interests of the Towns to consider the replacement of the existing watermain as well as the installation of the needed future transmission watermain that has been identified in the latest Brickyard Road Tank Study that will be required to properly convey flows from the Brickyard Road Tank to the lower pressure zones to the north.

E. Auburn Trail

The redesign of the road will incorporate the design of a segment of the Auburn trail to integrate the trail components, as well as access ways to the trail components, into the roadway corridor. This will ensure that the proper access ways and easements can be obtained to accommodate all the appropriate features as planned for in the Auburn trail project. A portion of the trail project will provide funding for the signalized cross walks and pedestrian accommodations as required under the "Complete Streets Act."

MRB | group

II. Scope of Services and Compensation

The following scope of services is based on the highway improvements listed above and considering the installation of the improvements will be *by Town Forces. This section has been modified to only show the work scope related to the Highway Work that will be shared by the Towns.*

A. Preliminary Design

The preliminary phase of design will include the following tasks:

1. Develop typical highway corridor cross sections.
2. Identify highway boundary constraints.
3. Identify utility conflicts.
4. Develop preliminary horizontal/vertical design alignment.
5. Perform drainage analysis to determine size of storm sewers.
6. Develop preliminary underdrain and storm sewer design.
7. Preliminary layout of the culvert extension.
8. Identify locations for potential retaining wall locations.
9. Identify locations for Green Infrastructure implementation in accordance with the latest General Permit (NYSDEC).
10. Preliminary Construction Estimate.
11. SEQR (Part 1 of the EAF).
12. Public Informational meeting to review the project need and preliminary concept plan and another public informational meeting to present the final preliminary design (2 public meetings with presentation material)
13. Preliminary Design review with both Highway Superintendents (1 meeting).
14. Attendance at a Town Board meeting to review the Preliminary design with each Town Board (2 meetings).

Subtotal of A.....$32,500.00

B. Permitting / Agency Approvals

1. Joint Application for the culvert extension.
2. SHPO Approval assuming no archeological investigation is required.
3. NYS DOT Approval for Rt. 332 intersection.

Subtotal of B.....$6,500.00

C. Final Design

The Final phase of design will in the following tasks:

1. Highway corridor cross sections at 50' intervals and at critical section areas.
2. Construction level detailed plans including:
   a. Pavement Plan and Profile.
   b. Culvert Plan and Section.
   c. Utility Relocation Plan.
   d. Storm Sewer Plan and Profile.
   e. Sidewalk Plan and Profile.
   f. MPOT/Detour Plan.
   g. Striping and Signage Plan.
   h. Utility Details and Highway Details.
3. Preparation of Notice of Intent and SWPPP Report.
4. Final Quantity Take-off.
5. Final Construction Estimate.
6. Final Design review with each Highway Superintendent (1 meeting).
7. Attendance at each Town Board meeting to review with the Board (2 meetings).

Subtotal of C.....$29,500.00

Total Design Compensation (Lump Sum).....$68,500.00

III. Additional Services

The following items, not included in the above services, can be provided on a personnel time-charge basis, but would only be performed upon receipt of your authorization.

A. Site and boundary survey
B. Archeological Services if required by SHPO.
C. Biological Services for endangered/threatened species survey and/or wetland delineation and/or reports.
D. Easement maps/ROW taking maps ($750 per easement map)
E. Pavement Design.
F. Permit fees.
G. Special Inspections (such as compaction testing, asphalt testing, etc.).
H. Geotech – Geotechnical Services have been included in Additional Services. They are currently estimated at $12,500 for Geo-technical services (including geotechnical investigation at culvert area and road sub-surface cores) that are necessary during the design phase. Geotechnical services may also be desired during the construction phase to verify field conditions and perform special inspections. Actual costs may vary depending upon conditions and extent of special inspections needed.
I. Construction Administration or Observation services

In preparation of the eminent need for some of the above noted additional services, we have provided an estimate of the associated costs that we suggest the Towns authorize as part of the Engineering services. They would be performed and invoiced, on a "pass through" or hourly basis, and only with prior notification to each Town. This would allow the completion of some additional service items that we currently know may be needed during the design or construction phase. These would include the Geotechnical services (during design and potentially during construction), wetland delineation, and the subsequent survey of the wetland delineation for incorporation into the base mapping.

Authorization of Additional Services
(Hourly or "pass-through") $25,000.00

MRB | group

IV. Commencement of Work

Upon receipt of the signed proposal, MRB Group will begin work on the project.

If this proposal is acceptable to you, please sign where indicated and return one copy to our office. We have included an additional copy for your records. Thank you for your consideration of our firm. We look forward to working with you on this project.

Sincerely,

William Davis
Team Leader

TAX MAP NO. 140.18-1-6.000
CPN NO. 093-15
MRB PROJECT NO.: 0300.12001.000 PHASE 67

Dear Mrs. Chrisman,

Please be advised that MRB Group has completed a review of the submitted Erosion Control and Stabilization Estimate dated February 23, 2016 for the above referenced project.

Based on our review of the submitted estimate, we recommend that an Erosion Control and Stabilization Surety be approved in the amount of **$23,666.00** for the above referenced project. The breakdown of the estimate amount is attached.

Please note that the original surety documentation regarding the establishment of the Erosion Control and Stabilization Surety is required to be submitted to the Town Clerk for processing. Once the original is received by the Town Clerk, all information will be forwarded to the Town Attorney for review prior to being placed onto the Town Board agenda.

Any questions and/or comments you may have in this regard, please feel free to contact us at your earliest convenience.

Sincerely,

Lance Brabant, CPESC
Senior Planning Associate

Beneficiary:
Town of Canandaigua
Canandaigua, New York

Effective Date: April 25, 2016
Expiration Date: April 25, 2017

Irrevocable Letter of Credit No.385
Amount: $32,246

To whom It May Concern:

At the request of and on the account of New Energy Works of Rochester, Inc., Farmington, NY, hereinafter called Principal, we hereby issue this Letter of Credit in your favor and hereby authorize you to draw on The Lyons National Bank up to an aggregate amount of $32,246 (Thirty-Two Thousand Two Hundred Forty-Six Dollars), available by your draft at sight accompanied by the following documents:

1. A copy of this Letter of Credit
2. An invoice or statement indicating the excess cost or liability resulting from a default as described in 1, 2, &3 below, or
3. Your officially signed and acknowledged statement: "The attached invoice(s) or bills, for labor or material in the amount of ($_____) remains unpaid.

This letter is issued in favor of the Town of Canandaigua (hereinafter called "Town") for any excess cost or liability resulting from a default in the completion of Daniel J. Jr. & Laurie D. Hoffend – 4853 County Road 16 Site Landscaping Estimate Review and Erosion Control and Stabilization Estimate Review, Tax Map No. 140.18 – 1-6.00, CPN No. 093-15, MRB Project No.: 0300.12001.000 Phase 67.

The following events shall constitute a default by the Principal under the terms of said contract:

1. Failure to perform the work in accordance with the terms of the plans and specifications for Daniel J. Jr. & Laurie D. Hoffend – 4853 County Road 16 Site Landscaping Estimate Review and Erosion Control and Stabilization Estimate Review, Tax Map No. 140.18 – 1-6.00, CPN No. 093-15, MRB Project No.: 0300.12001.000 Phase 67. Site work being the storm sewer, erosion control, and landscaping.
2. Failure to commence and complete the work for Daniel J. Jr. & Laurie D. Hoffend – 4853 County Road 16 Site Landscaping Estimate Review and Erosion Control and Stabilization Estimate Review, Tax Map No. 140.18 – 1-6.00, CPN No. 093-15, MRB Project No.: 0300.12001.000 Phase 67 within the time prescribed.
3. Failure to pay all claims for labor and material owing in conjunction with the work for Daniel J. Jr. & Laurie D. Hoffend – 4853 County Road 16 Site Landscaping Estimate Review and Erosion Control and Stabilization Estimate Review, Tax Map No. 140.18 – 1-6.00, CPN No. 093-15, MRB Project No.: 0300.12001.000 Phase 67.

Drafts must be drawn and presented on or before April 25, 2017. Each draft must be endorsed with the statement that it is drawn against Letter of Credit No.385 for New Energy Works of Rochester, Inc. This letter is irrevocable.
